ALASKA STATE LEGISLATURE

HOUSE LABOR AND COMMERCE COMMITTEE

Representative Norman Rokeberg, Chairman
Representative Andrew Halcro, Vice-Chairman
Representative John Harris
Representative Lisa Murkowski
Representative Jerry Sanders
Representative Tom Brice
Representative Sharon Cissna

State Capitol
Juneau, AK 99801-1182
Telephone: (907) 465-4954
Fax: (907) 465-2040

MEMORANDUM

TO: All House Members

FROM: Representative Norman Rokeberg, Chairman
House Labor & Commerce Committee

DATE: February 19, 1999

RE: Boards and Commissions Appointments

A handwritten signature in cursive script, reading "Norman Rokeberg".

The House Labor & Commerce Committee has been referred a number of appointments to Alaska's Board and Commission for consideration. Attached is a copy of a resume of each person appointed to the Boards under the Committee's purview.

It is the Chairman's intent **not to hold individual hearings on every board**. I would request, therefore, that you review the attached resumes and advise me if you would like to have an individual appear before the Committee for discussion. For your information, the following **will** have a public hearing: Alaska Labor Relations Board, State Medical Board, Board of Nursing, and Worker's Compensation Board.

The deadline for advising my office as to any hearings is Wednesday, March 3, 1999, at noon.

Boards and Commissions

LABOR RELATIONS AGENCY

BOARD: Alaska Labor Relations Agency

BOARD IDENTIFICATION NUMBER: 055

DEPARTMENT: DEPARTMENT OF LABOR

AUTHORITY: AS 23.05.360

STATUS: Active

REQUIREMENTS: Legislative Confirmation

PROHIBITIONS: Not more than three members may be of the same political party.

TERM: 3 years

DESCRIPTION: 6 members appointed by the Governor: two members must have a background in management, two members must have a background in labor, and two members from the general public. All must have relevant experience in labor relations matters. Members serve in 2 3-member panels. Governor appoints chair from public members; chair holds office at pleasure of the Governor.

FUNCTION: Serve as the labor relations agency under the Public Employment Relations Act; serve as the railroad labor relations agency for the Alaska Railroad under the Alaska Railroad Corporation Act.

CHAIR: Governor selects.

SPECIAL FACTS: May be removed by the Governor only for cause. Must submit an annual report on labor relations problems to the Governor and the Legislature. Two members of a panel constitute a quorum for hearing cases and four members constitute a quorum for transacting business other than hearing cases. The Railroad Labor Relations Agency, as described in AS 42.40.730 was repealed and reenacted, effective 7/1/90, to read that the Alaska Labor Relations Agency, established in AS 23.05.360, is the sole railroad labor relations agency.

COMPENSATION: Standard Travel and Per Diem.

MEETINGS: 15-20 days per year.

FOR FURTHER INFORMATION CONTACT: Ms. Margie Yadlosky, Personnel Specialist I, Alaska Labor Relations Agency, P.O. Box 107026, Anchorage, AK, 99510-7026, Phone: 907-269-4895, Fax: 907-269-4898.

STATE OF ALASKA
Boards and Commissions

WORKERS' COMPENSATION

BOARD: Alaska Workers' Compensation Board

BOARD IDENTIFICATION NUMBER: 110

DEPARTMENT: DEPARTMENT OF LABOR

AUTHORITY: AS 23.30.005

STATUS: Active

REQUIREMENTS: Legislative Confirmation, Financial Disclosure

TERM: 3 years

DESCRIPTION: 12 members appointed by Governor, of which 6 represent labor and 6 represent industry/management, plus the commissioner of labor or the commissioner's designee. The board members serve on panels for the purpose of conducting hearings. Each panel consists of one board member representing labor, one board member representing industry/management and the commissioner of labor or the commissioner's designee. The board consists of 6 panels -- a southern panel sitting for the first judicial district, a northern panel sitting for the second and fourth judicial districts, three southcentral panels sitting for the third judicial district, and one panel that may sit in any judicial district. The term of an industry/management member and the term of a labor member of each panel may not expire in the same year. The commissioner of labor or the commissioner's designee serves as chair.

FUNCTION: Full board meets as needed on issues and procedures concerning the Workers' Compensation Act. Board panels adjudicate irreconcilable disputes between injured workers and employers.

CHAIR: Labor Commissioner

SPECIAL FACTS: Majority of members constitutes a full board quorum. Two members of a panel constitute a board panel quorum. Quasi-judicial.

COMPENSATION: Standard Travel and Per Diem. Members (except chair) also receive honorarium of \$50/day.

MEETINGS: Panels meet as needed in Ketchikan, 1 day/month Juneau, 2 days/month Fbks, 3 days/biweekly Anchorage.

FOR FURTHER INFORMATION CONTACT: Mr. Paul Grossi, Director, Division of Workers' Compensation, DOL, P.O. Box 25512 M/S 0700, Juneau, AK, 99802-5512, Phone: 907-465-2790, Fax: 907-465-2797.

RESUME'

OBJECTIVE: To utilize my talents and skills in accounting, and business and personnel management.

SUMMARY: In-depth working knowledge of accounting skills. Experience with managing people and business.

**BUSINESS/EMPLOY-
MENT HISTORY** Owner/manager, Alaska Accounting (formerly Bradshaw Accounting & Tax Service), Fairbanks, 1987 - current. Accounting and investment services to include business and investment planning, tax planning and preparation, and accounting services.

Part-time Instructor and other business services, Tanana Valley Campus and UAF Fairbanks, Fairbanks, 1988 - current. Currently working as a part-time accounting instructor. Currently working as a part-time accounting instructor teaching accounting.

Part-time Instructor, Ryan Community School, 1992 - current. Teach money management and business start-up to the community.

Revenue Agent, Internal Revenue Service, Fairbanks, 1971 - 1986. Audit income tax returns of individuals, partnerships and corporations.

**RELEVANT
EDUCATION:** Bachelor of Business Administration (BBA), 1976, Accounting

Master of Arts (MA), Management and Supervision

ORGANIZATION African American Business Council Board of Directors

MEMBERSHIPS Junior Achievement Board of Directors
Black Caucus Board of Directors
Alaska Society of Independent Accountants Board of Directors
National Society of Public Accountants
Accreditation Council for Accountancy and Taxation, Inc.

REFERENCES: Available upon request.

PROFESSIONAL BIOGRAPHY OF
Dorothy Bradshaw

Dorothy Bradshaw, EA, MA, Accredited Tax Advisor, is the owner/manager of Alaska Accounting, (formerly Bradshaw Accounting and Tax Service) specializing in tax planning and preparation, estate and retirement planning, and other accounting services. The firm was established in 1987 and is currently located in Fairbanks, Alaska. Dorothy grew up in Pittsburgh, PA and graduated from Bellefield High School. She currently lives in Fairbanks, Alaska, with her husband.

Dorothy received her BA in accounting from Chaminade University in Honolulu, HI. She later earned her MA in management and supervision from Central Michigan University (Honolulu campus).

Following graduation she continued to work for the I.R.S. as a revenue agent. Her responsibilities included auditing income tax returns for individuals, partnerships and corporations. Upon retirement from the IRS, Dorothy formed her own accounting and investment business. Additionally, she has served as a part-time instructor in accounting at the Tanana Valley Campus of the University of Alaska, Fairbanks.

Dorothy has an extensive background dealing with those income tax problems concerning audit and collection situations with governmental agencies. Additionally, she has experience in the preparation of income tax returns of a complicated nature. She is currently increasing her practice to include additional estate and retirement planning services.

Dorothy's experience allows her to share with you the effective strategies that have worked for others in the planning and preparation of their taxes and designing their financial and estate plans to preserve their wealth.

**COMPREHENSIVE BIOGRAPHY
PHILIP E. ULMER, P.E.**

NAME: Phillip E. Ulmer, P.E.

CURRENT ADDRESS: 17710 Nitoanya Circle
Eagle River, Alaska 99577

HOME PHONE: 907-694-5730
BUSINESS PHONE: 907-696-5730

DATE AND PLACE OF BIRTH: 6/20/50, Fort Worth, Texas

EDUCATION: Bachelor of Science, Aerospace Engineering (1973)
University of Texas at Arlington

PROFESSIONAL DESIGNATION: Registered Professional Engineer
(Texas #43982, Industrial Engineering-Safety Engineering Specialty)

PROFESSIONAL HONORS: Finalist, Engineer of the Year, 1994, AK Society of Prof. Engineers
Safety Engineer of the Year, 1985, Alaska Chapter, A.S.S.E.
Finalist, Engineer of the Year, 1985, AK Society of Prof. Engineers
Recipient of Charles V. Culbertson Award for Outstanding Volunteer
Service, 1985, American Society of Safety Engineers

EXPERIENCE, ENGINEERING PROJECTS, EMPLOYERS, TITLES/POSITIONS HELD:

NORTHWEST SAFETY MANAGEMENT, INC. - CURRENT

January 1993-Present President and Founder, Northwest Safety Management, Inc.,
Eagle River, Alaska

Phil Ulmer founded Northwest Safety Management, incorporated under the laws of the State of Alaska, to provide management resources to employers in the broad area of occupational safety and health risk management. The primary thrust of the services provided includes safety management organizational design, where the organizational structure, policies, and procedures of a client are studied to determine the most efficient means to achieve acceptable levels of risk to people, property, and the environment.

ARCO ALASKA, INC. - 1983-1992

June 1991 - December 1992 Health and Safety Advisor for ARCO Alaska, Inc., Anchorage

This newly created position was designed to focus Mr. Ulmer's activities on halon issues and federal/state government affairs involving occupational safety and health protection. In this position, Mr. Ulmer traveled to Juneau, Alaska, and Washington, D.C. to discuss legislative and regulatory strategy with various lobbying organizations and congressional offices and the White House. During this period, he was the first Alaskan ever elected to the national presidency within the American Society of Safety Engineers.

Mr. Ulmer developed and presented technical papers regarding the effectiveness of halon in the protection of people and property at Alaska's North Slope oil production facilities. He represented ARCO on a corporate wide basis on this issue and was the principle resource for company management and engineering personnel on the issues involving potential halon phaseout under the terms of the international treaty called the Montreal Protocol. He was required to interrelate with engineering personnel at research laboratories on interpretation of analytical data developed for alternative explosion protection systems to replace existing halon technology.

1986-May, 1991 Health and Safety Manager, ARCO Alaska, Inc.

Staff management duties included a direct focus on occupational health and industrial hygiene. Mr. Ulmer had the responsibility of recruiting professional employees for safety engineering and industrial hygiene positions. He had the primary responsibility of directing professional staff responsibilities for addressing occupational safety and health design problems associated with advancing oil and gas production technology and interrelating with the design engineers.

1985 Safety and Environmental Director, ARCO Alaska, Inc.

Mr. Ulmer was given the additional responsibility of environmental protection oversight for field operations and coordinating the utilization of staff environmental professionals to assist in developing practical solutions to ongoing North Slope and offshore Cook Inlet environmental issues. The additional responsibilities focused for one year on negotiations with the State of Alaska on third party liability for waste management on the North Slope of Alaska. This included forming and chairing an industry/government task group on oil industry waste management concerns and solutions for the North Slope of Alaska.

1983 - 1984 Director of Safety and Loss Prevention, ARCO Alaska

Responsible for consulting with senior management on safety administration and programmatical matters. Interface and advise major engineering project groups on safety engineering design matters with new and modified Alaskan oil production facilities. Developed and produced supervisor's safety management courses; developed safety engineering design standards. Supervised and managed staff of safety engineers.

POSITIONS HELD WITH ARCO OIL AND GAS CO. - 1980-1983

1980 - 1983 Sr. Safety Advisor, ARCO Oil and Gas Company, Dallas, Texas.

Developed safety and loss prevention study course for AOGC safety personnel. Given responsibility to coordinate safety design recommendations for major project engineering groups such as Sheep Mountain Unit Carbon Dioxide Recovery Project.

Coordinated prototype development of non-dispersive infrared CO2 ambient monitors for personnel safety at ARCO CO2 project facilities - prototype is now deemed the operational standard. Staff liaison for four operating districts. Initiated efforts to begin state-of-the-art safety management by objective administrative programs in four production districts. As a result, one district implemented full scale, while two others modified their current programs. Active in overall safety department staff planning and budgeting.

POSITIONS HELD WITH EMPLOYERS INSURANCE OF TEXAS, SAFETY ENGINEERING CONSULTING GROUP:

1976 - 1980 Project Engineer - Dallas, Texas.
1976 District Engineer - Port Arthur, Texas.
1973 - 1976 Field Engineer - Tyler, Texas.

Upon graduation from college, Mr. Ulmer began his safety engineering career with the largest engineering consulting group in the State of Texas that was associated with a major casualty insurance group. His positions started at entry level and was the youngest engineer ever promoted to the home office staff up to that point in time. His duties included providing engineering and loss control design and consultation work for major oil industry and petrochemical clients in East Texas and the Gulf Coast.

He became instructor for the company's engineering schools on subjects of systems safety engineering and techniques of safety management and developed career paths for safety

engineers who were attempting to achieve professional engineering registration.

PUBLICATIONS, PAPERS, ARTICLES AND PROFESSIONAL PRESENTATIONS

Effective Safety Management Techniques for Today's Businesses (1993) - published/presented to the attendees of the Alaska Timber and Logging Safety Conference, Ketchikan, Alaska

This paper demonstrated that safety management techniques typical for businesses in the period of 1900-1960's typically will not be effective for the businesses of the late twentieth century, and into the early twenty first century.

The Basic Seminar in Resource Risk Recognition (1993) - material published and presented to several Alaskan clients of Northwest Safety Management, Inc.

This seminar, developed by Phil Ulmer in the late 1970's, completed it's 300th presentation in February of 1995. This seminar has been attended by over 1500 persons in Alaska alone and over 4000 persons in the entire United States. This unique one day seminar provides a technique for employers and employees to use to evaluate whether day-to-day risk is acceptable to people, property and the environment.

Halon 1301 Utilization for Personnel Safety on Alaska's North Slope (1991) - presented to the attendees of the National Symposium on Halons, New Mexico Engineering Research Institute, Albuquerque, NM and to the attendees to the Exploration and Production Forum Halons Workshop, London, UK

This paper discussed the dependency of Alaska North Slope oil producers on Halon 1301 for primary personnel protection for explosion protection. The purpose of the presentation was to convey the need to maintain halon availability in the United States until a technically viable alternative is developed. Halons are on the list of chemicals designated for phaseout in the Montreal Protocol.

Interviewed and quotes excerpted for article, "When You Should Hire a Safety Consultant" (1993) - published in Safety and Health Magazine (readership of 80,000+ nationwide) and written by Elaine Johnson.

This article presented Phil Ulmer's views on issues involving the retention of safety consultants by companies who are impacted by economic downsizing.

Article, "New Ways to Reduce Workplace Injuries" (1992), published in Boardroom Reports (8/1/92), readership 100,000+.

This article was printed in a widely read periodical focused on effective business management. The subject matter centered on utilizing modern business management principles to reduce risk in the workplace.

Articles printed in Professional Safety magazine, official profession journal of the American Society of Safety Engineers, with readership of 30,000+:

- "Accepting Accountability" (July, 1992)
- "Growing Pains" (August, 1992)
- "Folks in the Ivory Tower" (September, 1992)
- "Who Are You Trying To Fool?" (October, 1992)
- "A Season of Reflection" (November, 1992)
- "Are We Really Ready?" (December, 1992)
- "Do They Hear Us?" (January, 1993)
- "On The Matter of Government Affairs" (February, 1993)
- "What Is Our Foundation?" (March, 1993)
- "Restructuring Our Society" (April, 1993)
- "Licensing, Certification . . . Controversy!" (May, 1993)

"I Came, I Saw . . . I Was Impressed!" (June, 1993)

As the President of the American Society of Safety Engineers, Phil Ulmer wrote a monthly article for the society's professional journal intended to stimulate thinking among the profession. These articles focused on professional image, issues and technology and strived to promote the advancement of the safety profession in the United States and abroad.

Interviewed and quotes excerpted for article, "Companies Seek Safety Degrees" (1993) - published in Safety and Health Magazine (4/93 with a readership of 80,000+ nationwide) and written by Shane Tritsch.

This article presented Phil Ulmer's views on issues involving the hiring of safety professionals who possess proper undergraduate and graduate education credentials from accredited colleges and universities.

The Safety Engineers' Role in Facility Planning and Design (1985), presented in San Diego and published in the Proceedings of the 1985 Professional Development Conference of the American Society of Safety Engineers

This paper gave the author's explanation of the proper relationship of safety engineering and the other classical engineering disciplines within a facility design team.

Co-authored the rewrite of the Occupational Safety and Health Chapter of the book, Refresher Guide for the Certified Safety Professional Examination (1985), published by the American Society of Safety Engineers

This publication is the major resource for self study by safety professionals for the Certified Safety Professional examination.

The Use of Criticality Indices for Risk Management (1978), paper presented to the attendees to the American Society of Safety Engineers' Southwest Chapter's one day seminar on Systems Safety Engineering

This paper detailed the application of a mathematical term called the criticality index to effect proper risk management decisions with respect to cost effectiveness of engineering solutions to safety design problems in the workplace.

A Systems Engineering Approach to Drilling Rig Safety Surveys (1978), published in Engineering Journal of the Engineering Department of Texas Employees' Insurance Association

This paper explains the direct application of systems engineering techniques for developing survey priorities when evaluating occupational risk exposure on domestic, land-based drilling rigs.

Automatic Doors - Specific Engineering Problem (1975), published in Engineering Journal of the Engineering Department of Texas Employees' Insurance Association

This article details an analysis of safety-related engineering problems associated with the contemporary design of automatic doors typically used for general public access to retail stores and businesses.

PROFESSIONAL SOCIETIES:

American Society of Safety Engineers (Approximately 30,000 members nationally)

Professional Member (Elected to membership 1975)

Member National Board of Directors (Since 1987), serving as:

Society National President and Chairman of the Board (FY1993)

Society Past President/Chairman of National Assembly (FY1994)

Society President Elect (FY1992)

Society First Vice President (FY1991)

Society Vice President for Finance (FY1990)
 Society Vice President for Conferences (FY1988, FY1989)
 National Engineering Division Administrator (FY1986)
 National Standing Committee Positions Held:
 Long Range Planning (FY1986-1994)
 Finance (FY1990)
 Nominations and Elections (FY 1992-1994)
 Governmental Affairs (FY 1992)
 National Professional Development Conference Planning (FY1983, 1988-1989)
 Bylaws (FY1994)
 Intersociety Relations (FY1993)
 Leadership Conference Planning (FY1991)
 Regional Committee Positions Held:
 Region 3 (TX) Professional Conference/Program Chairman (FY1982-1983)
 Region 13 (AK, WA, ID, OR, HA) - Regional Operating Committee (FY1984-1987)
 Alaska Chapter President (FY1987)
 Chapter leadership positions held in Dallas, Port Arthur, and Tyler, Texas (FY1975-1983)

TRADE ASSOCIATIONS

1993	Member, Board of Directors, Workers Compensation Committee of Alaska
1991-1992	Chairman - Safety/Fire Protection Committee, Alaska Oil and Gas Association
1990	Member, Hahn Task Group, E&P Forum, London, England, U. K.
1985	Chairman of the Ad Hoc Industry/Government Task Group for North Slope Hazardous Waste Management
1984-1987	Chairman - Health/Safety Committee, Alaska Oil and Gas Association

COMMUNITY SERVICE ACTIVITIES

1983, 1988-1991 Speaker/Moderator for the 1983, 1988, 1989, and 1991 Governor's Safety and Health Conference - Anchorage, Alaska
 1985-1992 Appointed by Alaska's Governor to the Alaska Safety Advisory Council
 Member of First Baptist Church of Eagle River, Alaska, positions held:

- Board of Deacons
- Music Director
- Chairman of Finance Committee
- Member of Pastor Search Committee
- Member of Minister of Music/Youth Search Committee
- Church pianist

Member, Properties Committee, Chugach Baptist Association, Anchorage

CONTINUING EDUCATION (PARTIAL LISTING)

1995	A.S.S.E. National Professional Development Conference, Orlando, Florida
1994	A.S.S.E. National Professional Development Conference, Las Vegas, Nevada
1993	A.S.S.E. National Professional Development Conference, Dallas, Texas
1992	A.S.S.E. National Professional Development Conference, Minneapolis, MN
1991	A.S.S.E. National Professional Development Conference, Denver, Colorado
1990	A.S.S.E. National Professional Development Conference, Washington, D. C.
1989	A.S.S.E. National Professional Development Conference, Detroit, Michigan
1988	A.S.S.E. National Professional Development Conference, Las Vegas, Nevada

Nancy Jo Ridgley
P. O. Box 783
Ward Cove, AK 99928
(907) 247-8496 h -
228-5466 w

EDUCATION:

Valley Business College, 1976-1977; Lewis-Clark State College, 1969-1974.

EXPERIENCE:

January 13, 1986-current

CITY OF KETCHIKAN-KETCHIKAN PUBLIC UTILITIES

Customer Service Representative. Process telephone orders for customers. Includes inputting orders, checking information on the accounts for new customers, transferring customers from on location to another, inputting directory changes and/or mailing address changes for customers. Collecting and counting payments from customers both over the counter and thru the mail. Answering the PBX phone for incoming phone calls and transferring the calls to the correct departments. Receiving orders both over the counter and over the phone. Verifying and correcting all the listings for the phone book. Working as Plant Clerk when plant person is on vacation or on sick leave. Also daily contact with Plant to make sure orders are processed to the customers satisfaction.

Processing calling cards for customers on the DRAC machine for ALASCOM. Counting coins for the payphones in town and bagging the coins for delivery to the bank.

Also processing meter sheets for electric accounts and check to make sure they are okay before billing. Inputting orders for customers transferring or placing a new account. Answering questions concerning electric or phone rates. Any additional work the supervisor may request.

April 1, 1977-November 1, 1985

City of Lewiston, Idaho

Processed billings for water, sewer and sanitation which included entering meter reading information into IBM Systems 34 on th CRT, correcting any errors, calculating any special billings, and printing the billings for the mail. All billings were hand counted and banded for the post office.

Also answered direct line from public on all calls concerning City utility questions or routed any calls to the correct party. Keyed cash receipts daily. Answered correspondence relating to utilities, filed and typed all letters. General office work on calculator.

Also helped in reception work at front counter, answered the switchboard, received payments for all types of billings and sorted mail. Upon request, would also help with budget copying and binding, helped correct payroll, and answered various questions concerning ambulance billings.

Page 2
Nancy Jo Ridgley

work experience con'd

April thru June 1976

First Security Bank of Idaho

Worked nights in the data processing department of the bank for editing and finalization of all cancelled check.

May 1975-March 1976

Lewis-Clark State College

Worked in the School Library on a temporary position as a clerk-typist. Also helped students find books and filed books and magazines. Helped bind magazines in groups of a full year for future reference.

PERSONAL INFORMATION:

Married, 4 children. Previously from the Lewiston, Idaho farm area.

HOBBIES AND ORGANIZATIONS:

Member IBEW Local 1547, Shop Steward for customer service, Member of Eagles Arie #162. I enjoy cooking, sewing, fishing, hunting, softball, trapshooting, reading, and a good football game. No particular political affiliation.

STATE OF ALASKA
Boards and Commissions

ARCHITECTS/ENGINEERS/LAND SURVEYORS

BOARD: State Board of Registration for Architects, Engineers, and Land Surveyors

BOARD IDENTIFICATION NUMBER: 005

DEPARTMENT: DEPARTMENT OF COMMERCE AND ECONOMIC DEVELOPMENT

AUTHORITY: AS 08.48.011

STATUS: Active

SUNSET DATE: June 30, 2001

REQUIREMENTS: Legislative Confirmation

PROHIBITIONS: Cannot serve more than all or part of two consecutive terms.

TERM: 4 years

DESCRIPTION: 11 members appointed by Governor: 2 civil engineers, 2 land surveyors, 1 mining engineer, 1 electrical or mechanical engineer, 1 engineer from another branch of the profession of engineering, 2 architects; 1 landscape architect in an advisory, non-voting capacity with a term that expires on June 30, 2001; must be 3-year Alaska resident immediately preceding appointment; registered, with at least 5 years professional practice in respective field; and 1 public member.

FUNCTION: Controls registration, revocation of applicants in the architectural, engineering, and land surveying professions.

CHAIR:

SPECIAL FACTS: Governor may remove members for misconduct, incompetency, or neglect of duty; board elects/appoints a chair, vice chair, and secretary annually from its members; members serve until reappointed or replaced; annual report to Governor and Legislature. Members serve until a successor is appointed. An appointment to fill a vacancy is for the remainder of the unexpired term. A member who has served all or part of two successive terms may not be reappointed unless four years have elapsed since the person has last served. Serve at the pleasure of the Governor. E-mail address: Pat_Park-Fisher@commerce.state.ak.us or License@commerce.state.ak.us

COMPENSATION: Standard Travel and Per Diem.

MEETINGS: At least 4 regular meetings per year.

FOR FURTHER INFORMATION CONTACT: Ms. Pat Park-Fisher, Division of Occupational Licensing, DCED, P.O. Box 110806 M/S 0806, Juneau, AK, 99811-0806, Phone: 907-465-2538, Fax: 907-465-2974.

Professional Summary

Ms. Cyra-Korsgaard provides landscape architectural expertise for projects requiring site planning, restoration and environmental assessment. She has eighteen years of experience on a variety of projects in different climatic conditions. Her experience includes land development planning and design, commercial, institutional and industrial site planning and design, park and recreation site planning and design, environmental remediation, transportation/trail design, and revegetation.

Linda has extensive experience in being on both sides of the public input process. She conducts all necessary public meetings and hearings to facilitate public acceptance of a site. She has successfully designed and publicly represented many state, municipal and utility projects. She has been involved with environmental permitting for creek and stream, wetland, anadromous fish streams, noise and air quality. Representative projects include:

EARTHQUAKE PARK INTERPRETIVE FACILITIES, ANCHORAGE, AK

Linda was the project landscape architect who led a multi-disciplined team on this Interpretive park project commemorating the 1964 earthquake. The team designed a pedestrian experience reflecting

Tryck Nyman Hayes, Inc.

Linda Cyra-Korsgaard, ASLA
Page 2

colors and sculptural features reflect the earth's transformation from serenity to devastation to rebuilding associated with Anchorage's strongest earthquake. A series of interpretive graphic exhibits guide the visitor through the site and ultimately to a panoramic view of the Alaska Range, the Knik Arm of Cook Inlet and downtown Anchorage. The upgraded park facility will attract local residents and tourists and enhance their knowledge of the '64 Quake, wetlands, Alaska air traffic, the natural features and wildlife. Linda and her project team received an Honor Award for this project from Celebration of Anchorage Awards for Outstanding Achievement in Beautification and Urban Design.

AWWU HEADQUARTERS REMODEL, ANCHORAGE, AK

Project landscape architect providing design documents and construction administration on landscape component of this major site and building remodel and addition project. Design included meeting Title 21 landscape requirements, presenting project to Urban Design Commission. Challenges included maximizing a number of parking spaces while allowing adequate space for property line visual enhancement landscaping, screening of storage yard and buffer landscaping. Planting design reinforced the relocation of the new entry driveway along Arctic Blvd. and enhanced the south entry plaza. Design also included entry plaza paving, benches, bike racks, and location of a water source for maintenance. Linda received a Merit Award for this project from Celebration of Anchorage Awards for Outstanding Achievement in Beautification and Urban Design.

FORT RICHARDSON YOUTH ACTIVITY CENTER, FORT RICHARDSON, AK

Project landscape architect responsible for site planning a 4-acre site with outdoor recreational facilities including basketball and volleyball courts and appurtenances, asphalt walks, separate early elementary-older elementary and teen play cluster areas, game tables, picnic tables and benches, grass areas for open play and badmitten. Responsible for planting plan requiring non-toxic plants wind screening and beautification. This was a double design challenge when the site plan had to be adapted to a new site. Relocation and design of new layout for play areas, parking and entry plaza was so successful, the project won a Merit Award from the Celebration of Anchorage 1995 Awards for Outstanding Achievement in Beautification and Urban Design.

CHUGACH ELECTRIC ASSOCIATION, INC., BAXTER LAKE SUBSTATION, ANCHORAGE

Ms. Cyra-Korsgaard developed conceptual site and landscape plans and provided rendered plans and site photographs for presentation to the MOA Planning and Zoning Commission for a Conditional Use Permit and community council presentations. Developed construction documents for the design of vegetative screening, use of berms, plant material and perimeter fencing, which lead to the project receiving a Merit Award from Celebration of Anchorage Awards for Outstanding Achievement in Beautification and Urban Design. Responsible for construction documents, bidding services and construction inspection.

WISCONSIN STREET LANDSCAPE DESIGN, ANCHORAGE, AK

Project landscape architect for streetscape plan and contract documents for this ISTEAF funded MOA project. Design includes bike trail, sidewalks, planting and irrigation improvements within the street's right-of-way. This project received an Urban Design Award for public participation and beautification.

CHESTER CREEK GREENBELT IMPROVEMENTS, ANCHORAGE, AK

Project landscape architect for the Chester Creek Greenbelt Improvements. The 2.5 mile project involved realignment of existing trails, design of new trail segments, lighting and bridges. Invented and analyzed safety, environmental, neighborhood and aesthetic concerns of the most heavily used recreational and commuter bike trail system in the Municipality of Anchorage. The project included close coordination between permitting agencies and designers (COE-permits for wetland and fish & game).

Tryck Nyman Hayes, Inc.

Linda Cyra-Korsgaard, ASLA

Page 3

STORCK PARK MASTER PLAN, ANCHORAGE, AK

Project manager and landscape architect for the development of a recreation park Master Plan and subsequent wetland fill permits for construction of soccer and baseball field development.

INDIAN BOOSTER STATION REMEDIATION/RESTORATION, INDIAN, AK

Project Landscape Architect Involved in public presentation of land use options for remediation of the site. Developed design concepts for four district alternatives for the site, which includes a Chugach Electric sub station and transmission line, DOD fuel line and pump station, and trailhead all within Chugach State Park lands. She participated as a team member writing the restoration plan and phasing options, based on the proposed future land use site plan. Presented land use option to the Community of Indian to gain local input and support for the restoration plan

LEGACY PARK SUBDIVISION, ANCHORAGE, AK

This interesting project for the MOA Heritage Land Bank involved a 58.4 acre parcel of land which is an undeveloped portion of an existing platted subdivision (Zodiak Manor). The existing plat, containing 116 lots and 4 connections to the adjoining developed part of the subdivision did not meet current subdivision regulations or the desires of the adjacent neighbors. As project Landscape Architect, my responsibilities were to design a new conceptual layout for the subdivision limiting the connections to the existing neighborhood.

FAR NORTH BICENTENNIAL PARK SEPARATED TRAIL CROSSING, ANCHORAGE

Project Landscape Architect on TNH team providing design study and construction documents for a multi-use trail accessible trail underpass crossing of Campbell Airstrip Road. Design included roadway and path design, trail bridge and creek culvert replacement and cut bank revegetation. Responsible for permitting wetlands, Fish & Game habitat permits and public presentations to user groups and community councils.

LORETTA FRENCH PARK STUDY AND REPORT, PETERS CREEK, ALASKA

Project Landscape Architect on the TNH team developing the Master Plan and providing site planning expertise for the development of a ballfield complex involving extensive gravel excavation and grading. The study and report phase outlined development/costs options to maximize the value of on-site value for ballfield amenities. The Master Plan effort involved development of a new master plan and presentations of the plan to the Eagle River Parks and Recreation Board and the Planning and Zoning Commission. The project, now in Design Development is currently before the Planning & Zoning Commission for a Conditional Use Permit for natural resource extraction. This multi-phase project will provide the community with a world class five field ballfield complex.

SPENARD ROAD STREETScape PLANNING AND DESIGN, ANCHORAGE, AK

Assisted with the preparation of master streetscape plan and contract documents for 2.0 mile major arterial. Design included nine urban parks, transit stops, and extensive landscape and pedestrian amenity improvements, including future biketrail connections. This multi-year, multi-contract construction project has become a significant urban renewal and urban design asset to the Municipality of Anchorage.

EMPLOYMENT HISTORY

Unwin, Scheben, Korynta and Huettl, Inc. (USKH) - Juneau, Alaska

Manager, Southeast Operations

March 1997 - present

Manages USKH's Juneau office serving public and private clients throughout Southeast Alaska. Responsible for supervision, coordination and marketing for civil engineering, architecture and surveying disciplines. Held primary responsibility for personnel actions, marketing decisions, contract negotiations, responsible charge for civil projects, and general office management.

Senior Civil Engineer

February 1994 - March 1997

Managed projects for public and private clients in the transportation field throughout Southeast Alaska. Responsible for marketing, managing and directing the design of civil engineering projects.

Arctic Slope Consulting Group (ASCG Incorporated) - Juneau, Alaska

Regional Manager

October 1992 - February 1994

Managed ASCG's Juneau office serving clients throughout Southeast Alaska. Responsible for supervision, coordination and marketing for civil engineering, architecture and surveying disciplines. Held primary responsibility for personnel actions, marketing decisions, contract negotiations, responsible charge for civil projects, and general office management.

Senior Civil Engineer

February 1991 - October 1992

Managed transportation and site civil projects throughout Alaska, primarily in Southeast Alaska. Scope of projects included traffic and reconnaissance studies, highway design, marine staging area design, aviation design, site civil design and construction administration. Responsibilities included: supervision of professional and technical personnel, including recommendation to hire and performance evaluations; marketing and proposal preparation for civil projects; responsible charge for project designs; preparation of billing statements and follow-up.

Arizona State University, Center for Advanced Research in Transportation (CART) - Tempe, Arizona

Research Assistant

August 1989 - December 1990

Conducted and directed research projects for CART while pursuing a master's degree. Responsible for data collection, field investigations and report preparation.

*Alaska Department of Transportation and Public Facilities, Southeast Region -
Juneau, Alaska*

Senior Design Engineer

May 1989 - August 1989

Responsible charge for highway and aviation design projects. Directed the preparation of construction plans and specifications. Coordinated right-of-way permit and easement preparation. Conducted field investigations, agency contacts and public meetings.

Senior Reconnaissance Engineer

November 1985 - May 1989

Supervised the regional pre-design office. Coordinated field surveys, traffic counts, public record searches and other data used in the preparation of location, design, highway safety and traffic impact studies for highway capital projects. Directed the preparation of those studies. Conducted public hearings and meetings, and presentations before public policy bodies and government agencies. Directed the preparation of construction plans and specifications. Managed several concurrent projects and was personally responsible for budgeting, cost tracking, and agency coordination. Served on statewide computer user committee, providing input to decisions about hardware and software purchases. Conducted formal training and provided technical consultation for users of personal computer and mainframe highway design, spreadsheet, database, CAD and word processing applications.

Assistant Resident Engineer

June 1985 - November 1985

Supervised the day-to-day office engineering and field inspection on an urban highway reconstruction project. Performed design revisions in the field. Prepared change documents and pay estimates. Project scope included overhead and underground utilities; replacement of pavement, curb and gutter and sidewalks; drainage improvements; and landscaping. The nature of the project required extensive coordination with local government officials, businesses and the general public.

Lead Design Engineer

February 1984 - June 1985

Prepared construction plans, specifications and estimates for highway capital projects. Responsible for design of alignment, grades, drainage, structural section, illumination, traffic control and construction details. Provided technical support and made presentations at public meetings.

Engineer - in - Training

May 1982 - February 1984

As a participant in the department's EIT program with assignments in all three regions, performed various duties including: construction inspection and office engineering; bridge inspection; materials inspection and laboratory analysis; geological field studies and analysis; and design, reconnaissance and right-of-way engineering.

Marilyn Holmes
969 Goldbelt Ave
Juneau, AK 99801

Resume

Position sought: Public Member of the Alaska State Board of Certified Direct-Entry Midwives

Relevant experience:

1995 to present Served as the Public Member and secretary for the Alaska State Board of Direct-Entry Midwives: creating annual reports for 1996 and 1997, writing letters and information sheets, collaborating with the *Midwives Association of Alaska* to produce an illustrated public information brochure and creating a Procedures Manual to guide prospective CDMs through the governmental process. As a member of the national *Citizens for Midwifery* I helped finish procure Medicaid reimbursement for CDMs in Alaska.

1992 & 1993 Lobbied the Alaska State legislature on behalf of the Direct-Entry Midwives: researched and analyzed data re: the safety and economics of midwifery for the edification of lawmakers, testified at committee hearings, wrote letters, rallied supporters, negotiated with legislators and aids, hosted conferences and generally contributed my energy to facilitating the process of creating a licensing board for Alaska's midwives and procuring Medicaid reimbursement for CDM services.

1987 Gave birth to another healthy daughter at home in Juneau, under the care of a Direct-Entry Midwife.

1983 Gave birth to my first daughter in the Jordan Creek Birth Center, Juneau, under the care of two Certified Nurse Midwives. Prior to this, I had researched natural birth extensively.

1977-1979 Photographed home and hospital birth center births in the San Francisco Bay Area, which were attended by nurse midwives. Created a children's book on sibling attended childbirth.

1955-1961 As a child, while visiting my grandmother who was a public health nurse in Champaign-Urbana, Illinois, I accompanied her on pre- and post-natal visits to home birth families.

Related volunteer activities:

1993-1994 Served on the board of directors of the Discovery Foundation during a time of upheaval, financial crisis and reorganization: coordinated publicity for the annual fundraiser, organized and tracked operations and personnel during executive vacancy, recorded, processed and distributed minutes of the meetings, interviewed and maintained liaison with key donors, researched and implemented a successful executive search process for the board, coordinated and hosted a reception for the new executive and assisted in her orientation and adjustment.

Other volunteer activities:

1998 Taught dinghy sailing to ages 13-18 with the Juneau Youth Sailing Foundation.

1997-1998 Served on the Juneau School District's Gender Equity Committee as an advocate for girls mathematics.

1996 Helped develop a foreign language curriculum at Dzantik'i Heeni Middle school and taught a photography unit for three months at Capitol Elementary School in Juneau.

1995 Community mentor for students at Dzantik'i Heeni Middle School, Juneau.

1993-1994 Developed and coordinated the Harborview Earth Club, Juneau. Produced a video with students on a trip to the landfill and the implications for our lifestyles.

1992-1993 Created and performed "Greta Garbage", a character who helps students reduce the solid waste in their lunch rooms.

1992-1998 Member of the League of Women Voters and an annual volunteer for community polling.

1976-1979 Member of San Francisco Women Entrepreneurs: coordinated workshops and seminars on areas of general business interest such as Time Management and Financial Planning.

Education and employment:

1965 Graduated with honors from Saratoga High School, Saratoga, California. Excelled in language arts and science.

1965-66 Northwestern University, Evanston, Illinois.

1966-67 Independent living and employment as a chairside dental assistant/receptionist.

1967-70 BA in Humanities from University of California at Berkeley: course work included history, literature, the arts, philosophy, psychology, science and statistics. Extra curricular activities included a serious study of documentary and art photography.

1970-73 Post-graduate studies in photography, advertising and advertising production. Worked as a free-lance photographer and created three studios with darkrooms.

1973-74 Instructor, Academy of Art College, San Francisco.

1975-77 Staff photographer for Macy's California, San Francisco.

1977-81 Owner of a 4,000 sq. ft. studio advertising photography business specializing in large format table-top still life of food, wine, computers, jewelry and banking. My day rate was \$1250.00/day. All work was project

based and required the management and coordination of a full time and contract staff of assistants and stylists. My tasks ranged from being an art director and interpreting a client's needs, to a technician who followed an exacting and detailed layout designed by an ad agency. My work involved negotiation, a cooperative team approach, management skills, problem solving and communications.

1981-present Owner of a photography business in Juneau specializing in interactive portraiture, advertising illustration, political advertising and photo asset management.

Personal information:

My interests include: issues related to education, health and nutrition, gardening cooking, sailing, hiking, and natural history. I have taken the hospice training and am conversant with issues related to death and dying.

BOARDS AND COMMISSIONS RESUME

INSTRUCTIONS

A separate application is required for each position for which you apply. Complete and specific answers will aid in rapid and accurate processing of your resume. The initial determination of whether you qualify for the position specified will be based on this application.

Please type or print legibly in ink. Forward to the above address. Be sure your answers are true. A willfully false answer may result in your disqualification or removal from office if you are appointed.

Position for which I am applying: Optometry, Chiropractic Examinator

Please list any other Board or Commission on which you serve: None

Name: Thomas N. Carter Previous Name Applied Under: N/A

Mailing Address: Box 42509

Residence Address: 4959 Bishop Cir

City, State and Zip Code: Fairbanks, AK 99708

Business or Message Telephone: 452-26955

AS 39.05.100 requires that a person appointed to a board or commission be a registered voter before the last general election:

Are you a registered voter? YES [checked] NO

Voter Registration Number (Optional): Social Security Number (Optional):

Have you ever been convicted of a misdemeanor within the past five years or a felony within the past ten years? YES NO [checked]

If "YES", explain the circumstances on a separate sheet of paper and attach it to this application. A conviction is not necessarily grounds for disqualification. The number of convictions, nature, recency and relationship to the board position applied for will be evaluated and a determination will be made after a review of all relevant facts.

CONFLICTS OF INTEREST: Certain boards and commissions require full disclosure of personal financial data under AS 39.50.010. If required for the board or commission for which you are applying, are you willing to do so? YES [checked] NO

Could you or any member of your family be affected financially by decisions to be made by the board or commission for which you have applied? YES NO [checked]

If "YES", explain:

BOARDS & COMMISSIONS
APR 24 1998

TRAINING AND EXPERIENCE: (If resumé attached, it is not necessary to complete items A-D)

A. List any professional licenses, certifications, or registrations and dates obtained that may be used as qualifying criteria:

1986, Doctor of Optometry Degree, 3.48 gpa

Professional experience

Eagle River Vision Clinic/Eagle River, Alaska
August 1986-August 1987
Associate Optometrist

Practiced as an associate at Eagle River Vision Clinic in Eagle River, Alaska. Practice owner was Jeff Keene, O.D. I was hired to help with a growing practice and offer an optometric specialty. Specifically I was initially hired to investigate and develop a Vision Therapy program at the practice. Due to growth of the primary care portion of the practice and the demands of a large itinerant portion of the clinic duties I took over most of the itinerant duties. I held itinerant clinics in Kotzebue, Nome, King Salmon, Dutch Harbor, Barrow, and in the 7 villages on the North Slope (Atkasuk, Kaktovik, Nuiqsut, Wainwright, Pt. Lay, Pt. Hope, and Anaktuvuk Pass). I developed my primary care and intraprofessional team skills through this experience. I also got to see and meet people from all over Alaska.

North Slope Borough Health Department/Barrow, Alaska

August 1987-January 1990

Staff Optometrist/Clinical Eye Care Coordinator

I was hired to develop the Eye Care program for the North Slope. Administrative duties included designing and remodeling office space in Greist Family Services Center to perform as an Eye Clinic. Hiring, training, and maintaining a staff of 3 persons. Clinical duties included general primary eye care in Barrow and travel a minimum of 2 times per year to the other villages in the North Slope Borough. I developed a good working relationship with hospital staff, Public Health Service ophthalmology/optometry, and Alaska private sector ophthalmology/optometry. I was a consulting staff member of the Barrow Hospital. Due to the remote nature of Barrow and the North Slope I utilized the full-scope of my eye training. This was very valuable training.

Alpine Vision Center/Ketchikan, Alaska

January 1990-April 1997

Private Practice

I purchased a 25+ year-old practice from the estate of the late Ed. L. Craig, O.D. I practiced full-scope optometry with an emphasis on specialty contact lenses, primary care, ocular disease management and surgical co-management. I have kept my skills up in Vision therapy and Low vision. I employed 3 staff members besides myself. I developed itinerant practices in Craig, Alaska and Metlakatla, Alaska. The services provided in Metlakatla are on a contract basis with Annette Island Service Unit. Due to the geographic location of Ketchikan and lack of a permanent ophthalmologist I have developed a good reputation as a diagnostician and consultation source for Southern Southeast Alaska physicians. I feel kept my working relationship with Public Health Ophthalmology /Optometry intact. I developed excellent relationships with ophthalmologic specialists in Seattle and Washington state.

Ketchikan Eye Care Center/Ketchikan, Alaska

April 1997-Present

Practice in a Partnership

Eye Care and Health Care in general are changing at a rapid pace. One of the obvious changes is the loss of Solo private practitioners. Although we both had healthy practices in Ketchikan, Dr. Rick Swearingen and myself, saw that we needed to change some things. One of those things was to change our location and the other was to become more efficient. A partnership offered these things. In the fall of 1996 we built a 4000 square foot office building near Ketchikan General Hospital and in the medical area of town. The combination of two practices devoted to keeping pace with developments in eye care has given Ketchikan an eye clinic to be proud of. We can grow with and more effectively meet the challenges change brings to our community and the profession. Our goal in the future is to continue to develop our practice and eventually expand to offer specialty ophthalmologic services.

Professional memberships

Member American Optometric Association from 1984 to the present.

Member Alaska Optometric Association from 1987 to the present./Secretary of Alaska Optometric Association 1994-96.
