February 23, 2000

The Honorable Brian Porter
Speaker of the House
State Capitol
Juneau, AK 99801

Dear Mr. Speaker:

The House Labor and Commerce Committee has reviewed the Governor's appointees to the boards and commissions assigned to us.

Of the boards and commissions reviewed, members of the following boards may be removed for cause:

Board of Dental Examiners
Alaska Labor Relations Board

Members of one board may be removed for misconduct, incompetency, or neglect of duty:

Board of Registration of Architects, Engineers, Land Surveyors and Landscape Architects.

One other board's statutes state the members may be removed for inefficiency, neglect of duty, or malfeasance in office:

Occupational Safety and Health Review Board.

All other board and commission members reviewed by the Committee today serve at the pleasure of the Governor.

The Committee wanted to point this out for the consideration of the body.

Sincerely,

A handwritten signature in cursive script that reads "Norman Rokeberg".

 Fairbanks, AK 99707-2373

Background

I have extensive hands-on experience with employment issues (e.g., job matching, labor market analyses, workforce development), and public agency administration of state and federal programs (viz., 13 years as one of three regional managers of the Alaska Department of Labor). In conjunction with addressing the underlying causes of cyclical unemployment and labor force supply/demand imbalances, I volunteer with public and private organizations involved in education, health, housing, recreation, and transportation - and provide technical assistance to individuals and community groups engaged in minority affairs and small businesses. Consequently, I have worked with/been on the boards of directors of a variety of local and statewide organizations; I am currently serving on the borough Transit Commission, the city Fact Finding Commission, the board (& 1st VP) of the regional Girl Scout Council, and Fairbanks Arts Association's bed tax regrant committee.

Prior community service includes: Alaska's representative, Federal Home Loan Bank of Seattle's Affordable Housing Advisory Council; Fairbanks Memorial Hospital's operating board; boards of Fbks. N. Star Borough's Community Research Center, Fbks. NAACP, & Hospitality House; state Rural Development Council; state chapter president, International Association of Personnel in Employment Security; founder/board Fbks. Rehabilitation Assn (now Fbks. Resource Agency), local newspaper's readers' advisory group. Board of directors, Fbks. Drama Association, Fbks. Symphony Association.

Strengths

- Time, energy, interest, and a working knowledge of regulatory processes.
- Twenty-some years of experience working (effectively, according performance evaluations) with a wide range of people from all walks of life.
- Pertinent skills: budgeting, planning, directing, coordinating, monitoring, evaluating, and devising corrective action; sufficient experience to appreciate the difference between board and operating responsibilities.

Miscellaneous

Born Washington, DC; AK resident since 3/11/60. B.A. Economics, Howard U; graduate work UAF/UAJ; CEU's (Management, Public Administration) U. Wisconsin, University of Washington, Oregon State U., University of Alaska. Paid AK employment includes 4 mos state troopers (clerk); 2 yrs Highways (adm clerk, Preliminary Engineering @ UAF); 25 yrs up through the ranks @ the Dept Labor (clerk-Reg. Mgr, w/11 months on loan as manpower specialist to the US Dept Labor's Regional Office in Seattle).

Ms. Gardner is a 15 year veteran in the field of mechanical engineering, design management and project management. **She is currently serving on the Licensing Board of Architects, Engineers and Land Surveyors for the State of Alaska.** Her experience spans both private consulting and federal DOD engineering.

As a design manager and senior mechanical engineer, Kathy provides team coordination efforts on a variety of complex projects, as well as completing mechanical/fuels engineering, with projects located in Alaska, California, Washington and Japan.

Kathy gained extensive NAVFAC experience during her seven years of service with Western Division, NAVFAC, of which three years were spent as a project manager monitoring the design and construction of 350 projects totaling \$2 billion. Extensive use of computers was utilized for project control and reporting.

In addition to her project experience, Kathy is very active in both professional and community involvement. She is an active office and member of the Society of American Military Engineers, most recently assisting in hosting the annual dinner banquet for 220 attendees and is the publicity chair for the annual Engineers Week events. In addition, using her various organization memberships as a vehicle, Kathy talks with Girl Scouts and students of all ages exploring career choices and assisting with student involvement in mathematics and science.

Project Experience

- Currently design manager and mechanical engineer providing operations manuals for seven U.S. Military fuels terminals in Japan. Project involves an extensive review of the fuel systems, site work and coordination with both American and Japanese personnel.
- Design manager and mechanical engineer for an in-depth study for developing a Capital Improvements Plan and Long Range Master Plan for seven U.S. Military fuels terminals in Japan.
- Design manager and mechanical engineer of a multi-phased effort for extensive repairs to the JP-8 Base transfer system at Elmendorf AFB. Phase 1 efforts provided a detailed overall assessment of active fuel receipt and transfer pipelines at Elmendorf AFB. The report identified high-risk items, suggested revisions to the operating and system testing procedures, and explored possible long-range opportunities to improve the overall efficiency and safety of fuel management. Phase 2 efforts included thermal relief analysis and design to remedy a variety of high-risk elements in the system. System repairs included eliminating old system dead legs and replacing old plug valves, victaulic couplings, copper/brass components, high point vents, and low point drains as needed. Thermal relief valves were installed to block valves throughout the base. A pig receiver was installed on the South Jet JP-8 receipt pipeline to allow future smart pigging. In Phase 3, provided construction over-sight of the project and requalified all base transfer systems by conducting 8-hour pressure/leak tests at 450 psig and using EEI developed procedures and software to evaluate results.
- Design manager and mechanical engineer for an extensive facility upgrade to three - 100 ft diameter tanks and associated dikes at DFSP, San Pedro, CA. The project includes piping modifications and repairs, elevating the tanks, installation of a new cone down floor with leak detection, and installation of a dike liner. Tank piping was analyzed on a computer for thermal, seismic and tank nozzle loads.
- Design manager and project mechanical engineer for repairs to the truck loading rack at DFSP, San Pedro, CA. The work includes new piping, filter separators, and modifications at additive injection systems.
- Project manager, mechanical engineer for the HVAC design of a warehouse in Prudhoe Bay, AK, including a radiant heat floor slab.
- Project manager, mechanical engineer, for HVAC systems including humidity control of a high bay warehouse for a Navy fleet hospital positioning facility, Stockton, CA.
- Design engineer, mechanical, for a battle simulation facility, Ft. Wainwright, AK.
- Project manager and mechanical engineer of a Chapel and activities center at Fleet Training Center, San Diego, CA.

- Project manager and mechanical engineer for a two-story operations center at Camp Pendleton, CA.
- Team participant on a countrywide assessment of 19 military facilities in Korea, including preparation of DD 1391 forms for repair, maintenance, and MILCON projects.
- Design manager and mechanical engineer for pipeline alignment evaluation and design to reconfigure South Jet Pipeline serving Elmendorf AFB. Design provided a new 2,000 lf pipeline across the DFSP Anchorage Terminal.
- Design manager and cost estimator for a life extension project at Pearl Harbor Hawaii. Involved a FACD analysis of the Red Hill Tank 19 at FISC Pearl Harbor, HI. Determined appropriate and cost effective solutions to repair this 300,000 Bbl below ground tank. The tank is 175 feet below ground and 100 feet in diameter by 250 feet tall with hemispherical top and bottom. Repair considerations included long-term life extension renewal, constructability, minimize risk of fuel leaks, fuel leak containment, leak detection, and maintainability.
- Mechanical engineer assisting with initial field investigation to demolish three pumphouses and refurbish several buried tank containment areas at DFSP San Pedro, CA.
- Design manager and mechanical engineer for a complete pipeline assessment for the diesel fuel marine (DFM) system at FISC Pt. Loma, CA. Evaluated pump and piping systems from the Pier to nine cut and cover, and eight aboveground fuel tanks (744,000 Bbl total shell capacity).
- Design manager and mechanical engineer for a hydraulic analysis for both the 4" and 8" cross base transfer, fuel pipelines at NAS Whidbey, WA. The analysis identified system limitations and suggested revisions to improve the overall efficiency and safety.

BOARDS & COMMISSIONS

SEP 16 1999

Governor Knowles
Department of Boards and Commissions
PO Box 110001
Juneau, AK 99811-0001

Attn: Cindy Smith

Dear Governor Knowles:

My name is Dana Brown. I have been a midwife for the last 14 years, and am requesting the privilege of serving on the State Licensing Board for Direct Entry Midwives.

I trained in Alaska from 1984 through 1986 and went on to obtain a New Mexico License since Alaska had no licensing program in place at that time. Since 1984 I have been involved in the political process for Alaska's direct-entry midwives and have given my time and support toward the effort that resulted in our licensure. In September of 1986 I started a practice in the Mat-Su Valley and worked there until February of 1988 when I returned to Fairbanks to join the practice I initially trained with. I have been practicing in Fairbanks since then and have contributed to many people's training, including 5 students who received licensing or NARM certification.

I continue to train midwives and have been the Director of the Alaska Family Health and Birth Center since 1993. For ten years, I worked alongside a family practice doctor. Since his retirement, I am in the process of hiring a physician to fill his place so that our clinic can continue to offer full family care.

I feel that my years of experience and diversity would be an asset to the Board of Licensure. It would be an honor to serve in this capacity.

Please feel free to contact me with any further questions.

Sincerely,

Dana Brown CDM, CPM

Strongest points include: innovative, resourceful, self-motivating, ambitious, results-oriented, creative, problem solving, likable, eager to learn, welcomes change, practical and cost-effective.

Professional Experience

Fred Meyer, Inc. (Wasilla, Alaska) 1998-present

Pharmacy Manager

Report to Regional Supervisor, Freddie Toniolo, of this multi-department store chain. This chain is a subsidiary of Kroger which owns and operates over 2000 stores nationwide.

- Primary Pharmacist functions: interpreting prescriptions, inputting and preparing prescriptions and counseling customers.
- Supervise 5 employees and perform interviews for potential Fred Meyer Pharmacy employees in the state of Alaska.
- Assisted in the transfer of inventory and prescription files when Ritc-Aid closed it's 10 Alaska Locations.

USA Pharmacy Inc. (Dallas, Texas) 1997-1998

Director of Pharmacy

Report to President, John Gugel and CEO, Irving Boyes, of this company that owned and operated 4 pharmacies in 4 states. This company was a subsidiary of Chartwell Healthcare Corporation.

- Responsible for the start-up of the newest location in Dallas Texas that was going to serve the long-term care facilities and home health care companies that this company owned in Texas, Oklahoma, Missouri and Louisiana.
- Supervise the other 4 pharmacies that were operating in Phoenix, Las Vegas, San diego and Miami.

Reason for leaving: After 8 months on the job and successful at opening the newest branch in Dallas this corporation was in bankruptcy and was in the process of reorganization. My previous employer (Fred Meyer) called me to offer me the Pharmacy Manager position in Wasilla, Alaska. My family really missed Alaska and the decision was easy.

Eckerd Drugs (Lake Charles, Louisiana) 1996-1997

Staff Pharmacist

Report to District Pharmacy Manager, Allen Bouite, of this Drug Store chain. This chain is a subsidiary of JC Penney Corporation and operates over 2000 pharmacies nationwide.

- Primary Pharmacist functions: interpreting prescriptions, inputting and preparing prescriptions and counseling customers.

Reason for leaving: Offered a position of District Pharmacy supervisor in Dallas, Texas.

Fred Meyer, Inc. (Anchorage, Alaska)
Pharmacy Manager (1994-1996)
Staff Pharmacist (1993-1994)

1993-1996

Report to Regional Supervisor, George Bradley, of this multi-department store chain. This chain owns and operates over 100 outlets in the Northwest and Alaska.

- Started innovative new programs to increase business:
- Responsible for interviewing and hiring of Pharmacists in the Anchorage area
- Initiated the purchase and transfer of inventory and files when a national chain (Long's) closed it's 2 Anchorage outlets.

Reason for leaving: Determined that with the birth of our first son, we wanted to be closer to our families in Louisiana.

Bohrer Consulting (Eagle River, Alaska)

1991-1996

1998-present

Sole Proprietor/ Consultant Pharmacist

Pharmacy Consultant whose main business was with Hope Cottages of Alaska. Reported directly to: JoAnne Sullivan, RN and William Browner, MD. Hope Cottages is a non-profit organization which improves quality of life for the developmentally disabled through a vast network of homes providing services from accommodations to 24 hour medical care.

- Chaired the pharmacy medication committee
- Provided monthly inservices to staff on a wide variety of topics
- Performed annual reviews of all patients
- Performed monthly inspections of all medication areas

Carrs Quality Centers (Anchorage, Alaska)
Staff Pharmacist/Nursing Home Consultant

1991-1993

Reported to pharmacy manager, Larry Anderson RPh, of this Alaska based grocery chain.

- In charge of dispensing for all nursing home contracts (300+ patients)
- Chaired the Pharmacy/Nursing Committee
- All duties associated with filling of prescriptions

Reason for leaving: Job offer that would provide a 10% increase in salary and an 8 hour decrease in each 7 day work week.

St. Francis Cabrini Hospital (Alexandria, Louisiana)
Staff Pharmacist (1988-1991)
Pharmacy Student Intern (1986-1988)

1986-1991

Supervised by Jude Lemoine, Director of Pharmacy, of this 200+ bed Hospital

- Primary Pharmacist functions: interpreting prescriptions, inputting and preparing prescriptions.

Reason for leaving: 26 years old, 2 years out of college and wanting to fulfill a burning desire to live in Alaska.
