 PO Box 72373
 Fairbanks, AK 99707-2373

Background

I have extensive hands-on experience with employment issues (e.g., job matching, labor market analyses, workforce development), and public agency administration of state and federal programs (viz., 13 years as one of three regional managers of the Alaska Department of Labor). In conjunction with addressing the underlying causes of cyclical unemployment and labor force supply/demand imbalances, I volunteer with public and private organizations involved in education, health, housing, recreation, and transportation - and provide technical assistance to individuals and community groups engaged in minority affairs and small businesses. Consequently, I have worked with/been on the boards of directors of a variety of local and statewide organizations; I am currently serving on the borough Transit Commission, the city Fact Finding Commission, the board (& 1st VP) of the regional Girl Scout Council, and Fairbanks Arts Association's bed tax regrant committee.

Prior community service includes: Alaska's representative, Federal Home Loan Bank of Seattle's Affordable Housing Advisory Council; Fairbanks Memorial Hospital's operating board; boards of Fbks. N. Star Borough's Community Research Center, Fbks. NAACP, & Hospitality House; state Rural Development Council; state chapter president, International Association of Personnel in Employment Security; founder/board Fbks. Rehabilitation Assn (now Fbks. Resource Agency), local newspaper's readers' advisory group. Board of directors, Fbks. Drama Association, Fbks. Symphony Association.

Strengths

- Time, energy, interest, and a working knowledge of regulatory processes.
- Twenty-some years of experience working (effectively, according performance evaluations) with a wide range of people from all walks of life.
- Pertinent skills: budgeting, planning, directing, coordinating, monitoring, evaluating, and devising corrective action; sufficient experience to appreciate the difference between board and operating responsibilities.

Miscellaneous

Born Washington, DC; AK resident since 3/11/60. B.A. Economics, Howard U; graduate work UAF/UAJ; CEU's (Management, Public Administration) U. Wisconsin, University of Washington, Oregon State U., University of Alaska. Paid AK employment includes 4 mos state troopers (clerk); 2 yrs Highways (adm clerk, Preliminary Engineering @ UAF); 25 yrs up through the ranks @ the Dept Labor (clerk-Reg. Mgr, w/11 months on loan as manpower specialist to the US Dept Labor's Regional Office in Seattle).

BOARDS & COMMISSIONS
 JAN 31 2000

Ms. Gardner is a 15 year veteran in the field of mechanical engineering, design management and project management. She is currently serving on the Licensing Board of Architects, Engineers and Land Surveyors for the State of Alaska. Her experience spans both private consulting and federal DOD engineering.

As a design manager and senior mechanical engineer, Kathy provides team coordination efforts on a variety of complex projects, as well as completing mechanical/fuels engineering, with projects located in Alaska, California, Washington and Japan.

Kathy gained extensive NAVFAC experience during her seven years of service with Western Division, NAVFAC, of which three years were spent as a project manager monitoring the design and construction of 350 projects totaling \$2 billion. Extensive use of computers was utilized for project control and reporting.

In addition to her project experience, Kathy is very active in both professional and community involvement. She is an active office and member of the Society of American Military Engineers, most recently assisting in hosting the annual dinner banquet for 220 attendees and is the publicity chair for the annual Engineers Week events. In addition, using her various organization memberships as a vehicle, Kathy talks with Girl Scouts and students of all ages exploring career choices and assisting with student involvement in mathematics and science.

Project Experience

- Currently design manager and mechanical engineer providing operations manuals for seven U.S. Military fuels terminals in Japan. Project involves an extensive review of the fuel systems, site work and coordination with both American and Japanese personnel.
- Design manager and mechanical engineer for an in-depth study for developing a Capital Improvements Plan and Long Range Master Plan for seven U.S. Military fuels terminals in Japan.
- Design manager and mechanical engineer of a multi-phased effort for extensive repairs to the JP-8 Base transfer system at Elmendorf AFB. Phase 1 efforts provided a detailed overall assessment of active fuel receipt and transfer pipelines at Elmendorf AFB. The report identified high-risk items, suggested revisions to the operating and system testing procedures, and explored possible long-range opportunities to improve the overall efficiency and safety of fuel management. Phase 2 efforts included thermal relief analysis and design to remedy a variety of high-risk elements in the system. System repairs included eliminating old system dead legs and replacing old plug valves, victaulic couplings, copper/brass components, high point vents, and low point drains as needed. Thermal relief valves were installed to block valves throughout the base. A pig receiver was installed on the South Jet JP-8 receipt pipeline to allow future smart pigging. In Phase 3, provided construction over-sight of the project and requalified all base transfer systems by conducting 8-hour pressure/leak tests at 450 psig and using EEI developed procedures and software to evaluate results.
- Design manager and mechanical engineer for an extensive facility upgrade to three - 100 ft diameter tanks and associated dikes at DFSP, San Pedro, CA. The project includes piping modifications and repairs, elevating the tanks, installation of a new cone down floor with leak detection, and installation of a dike liner. Tank piping was analyzed on a computer for thermal, seismic and tank nozzle loads.
- Design manager and project mechanical engineer for repairs to the truck loading rack at DFSP, San Pedro, CA. The work includes new piping, filter separators, and modifications at additive injection systems.
- Project manager, mechanical engineer for the HVAC design of a warehouse in Prudhoe Bay, AK, including a radiant heat floor slab.
- Project manager, mechanical engineer, for HVAC systems including humidity control of a high bay warehouse for a Navy fleet hospital positioning facility, Stockton, CA.
- Design engineer, mechanical, for a battle simulation facility, Ft. Wainwright, AK.
- Project manager and mechanical engineer of a Chapel and activities center at Fleet Training Center, San Diego, CA.

- Project manager and mechanical engineer for a two-story operations center at Camp Pendleton, CA.
- Team participant on a countrywide assessment of 19 military facilities in Korea, including preparation of DD 1391 forms for repair, maintenance, and MILCON projects.
- Design manager and mechanical engineer for pipeline alignment evaluation and design to reconfigure South Jet Pipeline serving Elmendorf AFB. Design provided a new 2,000 If pipeline across the DFSP Anchorage Terminal.
- Design manager and cost estimator for a life extension project at Pearl Harbor Hawaii. Involved a FACD analysis of the Red Hill Tank 19 at FISC Pearl Harbor, HI. Determined appropriate and cost effective solutions to repair this 300,000 Bbl below ground tank. The tank is 175 feet below ground and 100 feet in diameter by 250 feet tall with hemispherical top and bottom. Repair considerations included long-term life extension renewal, constructability, minimize risk of fuel leaks, fuel leak containment, leak detection, and maintainability.
- Mechanical engineer assisting with initial field investigation to demolish three pumphouses and refurbish several buried tank containment areas at DFSP San Pedro, CA.
- Design manager and mechanical engineer for a complete pipeline assessment for the diesel fuel marine (DFM) system at FISC Pt. Loma, CA. Evaluated pump and piping systems from the Pier to nine cut and cover, and eight aboveground fuel tanks (744,000 Bbl total shell capacity).
- Design manager and mechanical engineer for a hydraulic analysis for both the 4" and 8" cross base transfer, fuel pipelines at NAS Whidbey, WA. The analysis identified system limitations and suggested revisions to improve the overall efficiency and safety.

BOARDS & COMMISSIONS
FEB 04 2000

Ernie Siemoneit
P.O. Box 375
Healy, Alaska 99743

ARCHITECTS BOARD
RECEIVED

FEB - 2 2000
OFFICE OF THE GOVERNOR

CAREER OBJECTIVE To be associated with an organization in a challenging environment that stimulates personal and professional development.

PROFESSIONAL EXPERIENCE **Usibelli Coal Mine Inc., Healy, Alaska**
January 1990 – Present: Senior Mining Engineer

Works under the direction of the Chief of Engineering with Development, Reclamation and Production engineers to implement and manage mine functions and perform planning and design tasks.

Produces long range mine designs using computer-aided methods.

Contributes to creation and implementation of both long and short term schedules.

Performs economic analysis of mining and equipment alternatives.

Monitors and analyzes current equipment and process performance.

May 1983 - December 1989: Mining Production Engineer

Produced specific truck/loader, dragline and dozer excavation designs. Scheduled and monitored stripping and coal removal operations.

Implemented designs to layout and monitor construction of roads, settling ponds, drainage structures and other mining facilities.

Monitored pit area water conditions; designed and executed diversion and dewatering plans.

Tracked mining recovery, quality and blending activities; planned and implemented improvements.

Designed and managed all drilling and blasting operations.

Communicated with foreman and other engineers to initiate and tune pit area work tasks.

Provided support as a relief production or shop foreman as needed.

Domes Partnership, Nome, Alaska

May - September 1982: Technical Advisor: Mine Worker

Interpreted sample-drilling results for the purpose of short-term operations planning.

Organized overburden stripping and gravel mining.

Designed gold recovery and water handling systems.

Operated bulldozer and pumps; performed maintenance and repair on mine site equipment.

Alaska Gold Company, Nome, Alaska
May - August 1981: Engineering Assistant

Surveyed boundaries, pipeline routes, water recirculation networks, and prepared maps of projects.
Calculated dredged volume, prospect values, recovery rates, and evaluated dredge performance.
Evaluated both permafrost thawing progress and thaw field water handling performance.
Presented reports to the head engineer concerning status of seasonally driven mine site construction projects.

Fairbanks School of Mineral Industry, Fairbanks, Alaska
July - August 1980: Researcher

Operated hydrocyclone fine gold recovery system and analyzed products by both mechanical and chemical means.
Prepared a preliminary report comparing results and objectives of the project.

May - June 1980: Laborer

Completed electrical and carpentry projects at the Silver Fox underground mine near Fairbanks.
Repaired vehicles and small earthmovers at the Stampede Mine, McKinley, Alaska

EDUCATION

University of Alaska, Fairbanks, Alaska
Bachelor of Science Degree in Mining Engineering awarded May 1983.

Completed graduate-engineering courses in Arctic, Geotechnical, and Hydrology since college graduation.

AFFILIATIONS

Member Alaska Board of Architects, Engineers and Land Surveyors (1995 & 1999 reappointment)
State of Alaska Professional Engineer
Member Society of Mining Engineers
Member Alaska Miners Association
Member Institute of Industrial Engineers
State of Alaska Licensed Blaster

INTERESTS

Hiking, fishing and photography in remote areas.
Auto oval dirt track racing.

BUAKUS & ... JUNIUS
 SEP 15 1999
RICHARD D. BRICKLEY

September 15, 1999

1480 Husky Way
Fairbanks, AK 99709**OBJECTIVE**

To achieve a position that presents both a challenge and provides an opportunity to contribute in the attainment of the organization's goals.

CAREER HISTORY

Twenty-five years of results-oriented success in management positions in highly competitive diversified organizations. Extensive hands-on experience in Human Resources Management, logistical operations, administration, manpower and organization planning; experience in finance, budgets, management information systems and business operations. Actively participate in the Fairbanks community by assisting in the production of the World Ice Art Championships each March.

ASSIGNMENTS**Human Resources**

Ten years as the Human Resources Officer of Golden Valley Electric Association. Responsible for Employee Administration and Support, Benefits Administration, Labor Relations and Recruiting Operations.

Business Management

Own and operate Arctic Floral 1, Fort Wainwright, Alaska, Arctic Floral 2, Eielson Airforce Base, Alaska and the Fairbanks Ice Museum.

Director of Logistics

Actively managed 250 plus personnel, operating over 45 facilities valued in excess of 240 million dollars. Managed an operating budget of 8.1 million dollars.

Negotiator

Appointed as senior member of Fort Wainwright's negotiating team. Responsible for negotiating labor and personnel policy changes resulting from a reduced 1988 budget forecast.

Operations Officer

Planned designed and directed the presentation of training management workshop's for 500 personnel.

Commander

Commanded three military units. The last unit comprised over 260 personnel with an operating budget in excess of 5 million dollars.

Instructor

Taught management classes in the evening for the University of Alaska Fairbanks.

Leadership

Fortunate to have held many leadership positions from high school to present:

- Captain, high school football, basketball and baseball teams
- Captain, College baseball team
- Member, National Honor Society
- President, Fort Wainwright Officer's Club
- Committee Chairman, Tanana Valley Red Cross
- Advisory board, National Senior Service Corp Program.
- Chairman, Ice Alaska

EDUCATION

Master of Business Administration (MBA)
 Bachelor of Science, Sociology Major and Business Minor
 Logistics Executive Development graduate
 Command and General Staff College graduate
 Army Aviation School graduate

PERSONAL DATA

Excellent health. Married, 2 children.
 Completed 20 years of service in the United States Army and retired as a Lieutenant Colonel

Robert A. Doyle
1900 Porcupine Trail
Wasilla, Alaska 99654

Assistant Superintendent for Finance
Matanuska Susitna Borough School District
July 1, 1993-present

Serving as chief financial officer for \$100 million dollar budget serving over 12,500 students. Managed capital improvement program, new school construction, custodial operations, building maintenance (including vehicle, audio-visual, computer cabling, preventative maintenance, and grounds), warehouse, purchasing, accounting, budgeting, payroll, transportation, and nutrition services. Initiated district's first risk management program and self insurance programs for workers compensation, group health, and liability.

Human Resources Director. Matanuska Susitna Borough School District
May 1988-1993

Negotiated and administered collective bargaining agreements with five unions. Initiated interest based bargaining, pre-screening interviews for teachers, professional goal setting model for staff evaluations, and grievance mediation.

Community Services Director. Mat-Su Borough School District, 1985-88

Community School Supervisor , Mat-Su Borough School District, 1982-85

Community School Director. Sitka Borough School District, 1980-82

Community School Supervisor , Municipality of Anchorage, 1978-80

Community School Coordinator. Municipality of Anchorage, 1976-78

Education

Master degree in Education, Public School Administration, University of Alaska- Anchorage, 1996

Bachelor degree in Science, Health, Physical Education, and Recreation, University of Oregon, 1976.

Professional development courses

American Association of School Personnel Administrators, "Academy on School Personnel Administration," 1989

American Arbitration Association, "Collective Bargaining," 1989

American Arbitration Association, "Grievance Mediation," 1989

Michigan State University, "Discipline and Discharge," 1989

American Arbitration Association, "Advanced Collective Bargaining," 1990

National Center Associates, "Collaborative Negotiations," 1990

American Arbitration Association, "Advanced Arbitration Advocacy Institute," 1991

American Association of School Administrators, "Strategic Planning," 1991

Employers' Council on Flexible Compensation, "Flex Benefits: A Solution for Tight Budgets and Tough Times", 1991

Program on Negotiation at Harvard Law School, "Increasing Human Resource Effectiveness", 1991

"Government Risk Management Seminar", Public Risk Management Association, 1994 and 1999

"Colloquium on Administering Public Policies in Labor Relations Agencies", ALRA, 1995.

Recognition

Served as President, Alaska Association for Community Education, 1980

Awarded "Steve Glazier Memorial Award", A.A.C.E., 1981

Awarded "Outstanding Contributions to Community Education", A.A.C.E., 1981

Awarded "Promising Practice in Community Education, Ak.D.O.E., 1980

Publication

Published article "A Better Way to Bargain" in The American School Board Journal, July 1992

Personal

Married for 25 years, lived in Alaska for 32 years, and two grown children (Tim graduated from Cal-Tech and Bryan is attending Texas A and M).

Jeffrey L. Thompson

Work History

- 1995-present. Regional Vice-President, ALASKA MARITIME AGENCIES, Dutch Harbor, AK. Vessel agency and maritime services.
- 1992-99. President/COO, CARGO SERVICES COMPANY, Dutch Harbor, AK. Stevedoring services.
- 1992. Port Director, CITY OF UNALASKA/ PORT OF DUTCH HARBOR. Interim contract position.
- 1990-92. District Manager, ALASKA MARITIME AGENCIES, Kenai/ Homer, AK. Vessel agency.
- 1988-90. Vice-President, PADILLA TUG COMPANY, Dutch Harbor, AK. Tugs and pilotboats.
- 1987-90. Port Manager, ALASKA MARITIME AGENCIES, Dutch Harbor, AK. Vessel agency.
- 1986-87. Vessel Operator, SOUTHWEST ALASKA PILOTS ASSOCIATION, Valdez, AK. Pilotboat operator.
- 1981-85. Vessel Agent, ALASKA MARITIME AGENCIES, Valdez, AK. Vessel agent.

Boards and Service

- 1996-99. HARBOR ADVISORY COMMISSION, Unalaska/ Dutch Harbor, AK. Commissioner.
- 1995-98. ALEUTIANS WEST COASTAL RESOURCE SERVICE AREA. Board member/ Secretary.
- 1988-89. UNALASKA/ DUTCH HARBOR CHAMBER OF COMMERCE. Charter President.
- 1983-85. VALDEZ CONVENTION & VISITORS BUREAU. Vice-President.

Education

OCCUPATIONAL SAFETY
BOARD

Curriculum Vitae
of
TIMOTHY O. SHARP

OBJECTIVE: To serve in the Knowles Administration on the Occupational Safety Board

QUALIFICATIONS:

- *Twenty years of commitment to LIUNA and organized labor.
- *Resourceful, aggressive, creative, loyal, dependable, responsible.
- *Well developed personal and professional labor contacts around the world.

EDUCATION:

Undergraduate Work - Boise State University- Communications Major 1972-1974
Alaska Laborers Training School - Foreman's Training Course - 1978,
Steward's Training Course - 1983, Hazardous Waste Training Course 80
hours - 1989, Alaska Health Project/UAF, Industrial Hazards in Work
place - 1985, Labor Law / Wage & Hour Seminar-1992, Harvard Trade Union
Program-1993 (Elected commencement speaker), AFL-CIO Organizing
Institute Internship-1993, Presently in pursuit of Labor Studies Degree
at Antioch/George Meany School for Labor Studies, Computer literate
(Macintosh)

**WORK HISTORY
& EXPERIENCE:**

- *Worked as journeyman, shop steward, foreman and general foreman directly with, and in support of all, building trade and pipeline craft on some of the largest projects in Prudhoe Bay and on the North Slope of Alaska.
- *Responsible for placement and production of up to seventy Laborers at a time.
- *Ten years working exclusively as shop steward on large and small projects dealing daily with wage/hour questions, jurisdiction, safety issues and basic contract interpretation.
- *Created and presented a monthly series of union education classes over a six month period dealing with union history, labor law, pension plan and other miscellaneous topics for local union.
- *Assisted in strategy and implementation of several large organizing drives with the Amalgamated Clothing and Textile Workers and the International Brotherhood of Teamsters in the midwest and southern United States.
- *Twice elected as delegate to Alaskan Democratic Party Convention. Proposed at precinct level, carried to State convention and was responsible for adoption of party planks concerning striker replacement and labor law reform.
- *Coordinated letter writing campaign lobbying State House and Senate on issues impacting labor during the 1988 legislative session.
- *Elected to and presently serving fourth term as Executive Board member of Laborer's Local #942.
- *Lectured at area high schools on U.S. labor history.
- *Elected and served as delegate to State AFL-CIO Conventions and Laborer's International Convention.
- *Selected to serve on AFL-CIO observer team and fact finding mission to South Africa to compile a report on potential problems that might impact the recent elections.
- *Currently developing labor contacts and exchanges for future LIUNA health and safety programs in Yakutia-Sakha region of Russia
- * Presently employed as full-time organizer/representative for LIUNA Local #942.

Charles T. Borg
10231 Middlerock Rd.
Anchorage, AK 99507

HIGHLIGHTS OF QUALIFICATIONS/EXPERIENCE

- Eight years of comprehensive health care program development/management.
- Twenty five years planning and managing programs affecting many areas of Alaska, including stationing of Alaska National Guard units, and the development of far reaching health care programs affecting all federal health care beneficiaries in the state.

PROFESSIONAL ACCOMPLISHMENTS

- 1991-1999 **MANAGED HEALTH CARE DIRECTOR**, Elemendorf Hospital/Dept. of Veterans Affairs, Anchorage, AK. Mission to develop, coordinate and provide comprehensive health care services including education, mental health, health maintenance, and health restoration programs for 240,000 beneficiaries throughout Alaska. Combining federal health care resources resulted in savings of \$10 million. Recognized by President's Commission on Reinvention Government.
- 1982 - 1991 **DEPUTY COMMISSIONER/DIRECTOR**, Dept. of Military and Veterans Affairs, Anchorage, AK. Planned and coordinated veterans service programs with state and federal agencies which focused on health care, employment information, programs for the homeless, and substance abuse recovery. Efforts helped lead to development of federal VA comprehensive program for the homeless.
- 1976 - 1980 **MOBILIZATION PLANNER**, The Pentagon, Washington, D.C. Developed plans for resourcing and deployment of U.S. Army units to NATO/Warsaw Pact contingency. Testified before US Senate on findings, resulting in Presidential directive to restore peacetime draft registration.
- 1970 - 1976 **DEPUTY STATE DIRECTOR/STATE DIRECTOR**, Selective Service System, Anchorage, AK. Responsible for all Selective Service operations in Alaska, including reorganization and training of local board membership to provide equitable call-up procedures. Selected to close out operations in Alaska; selected to serve on national level planning staff in Washington, D.C.
- 1960-1970 **UNIT COMMANDER/STAFF OFFICER**, US ARMY. Served with Infantry units in Europe, CONUS, Vietnam. Assignments including planning and execution of ground and airmobile combat operations. This period included two tours in Vietnam as a military advisor, and operations officer of an Infantry Brigade.

EDUCATION

- Eastern Washington State University - BA
- Military Service schools/Continuing Education - Courses and subjects including personnel management, program management, and managed health care.

PROFESSIONAL AND COMMUNITY ACTIVITIES

- American College of Health Care Executives - member
- Strategic Planning Committee - member (Alaska Federal Health Care Partnership)
- Alaska Health Summit - member steering and program committees, chair evaluation committee.
- Alaska State Hospital and Nursing Home Association - member

Alaska State Legislature

Please enter into the record my testimony to the State Labor & Commerce
committee name

committee on HB 07 SB 9 , dated 3/1/99
bill/subject: Year for Year Retirement PERS

I strongly support this bill because at present it is very inequitable to have ^{the rest} of our district ^{9 month} employees receiving a full year of retirement for what the classified only receives 9 months. We would pay into the fund to make up the difference, so it would not cost the state any money to do this. I can not get a ^{2 1/2} month summer job that would pay in to ^{PERS} to make up the difference!

bill/subject
Pers year for year

I feel it is terribly inequitable to have all other borough and school district employees who work 9 months receive a full year of credit towards their retirement. Allowing the classified staff of the Mat-Su school District to receive year for year would be at no additional cost to the State of Alaska. It would be up to the employee and borough to pay the difference.

MATANUSKA - SUSITNA BOROUGH SCHOOL DISTRICT

PETITION in SUPPORT of "A YEAR FOR YEAR CREDIT"

We the undersigned support the concept of non-certified school employees receiving a year's credit for working a school year for the purpose of retirement within PERCS. We are willing to share the increased cost to provide this benefit. We are also willing to work twelve months for this credit but we are being told that there is not either work for us or the district can't afford to employ us year round. This bill would create parity for all school employees. We are asking our Legislators to support HB 323 or the concepts contained within this bill.

PETITION IN SUPPORT OF "A YEAR FOR YEAR CREDIT"

We the undersigned support the concept of non-certified school employees receiving a year's credit for working a school year for the purpose of retirement within PERS. We are willing to share the increased cost to provide this benefit. We are also willing to work twelve months for this credit but we are being told that there is not either work for us or the district can't afford to employ us year round. This bill would create parity for all school employees. We are asking our Legislators to support HB 323 or the concepts contained within this bill.
