Re: Board of Game Seat

Dear Sir:

I am interested in serving on the Board of Game.

Having lived 48 years in Rural Alaska, I have lived a lifestyle dependent on both Subsistence and Commercial Hunting and Fishing. I have a fair understanding of the need and dependence Alaskans have on both. My personal experience living in Rural Alaska has been one dependent on work, subsistence and commercial or sport hunting as a Class A Assistant Guide. I understand the need for and the delicate balance each creates with each other, not only in our region but in other regions of the state. My previous experience has also involved traveling throughout the state and has given me an understanding and respect for the diverse needs regions may have.

I thank you for your consideration.

Sincerely,

Paul C. Johnson

Bio of Ralph Andersen

Ralph Andersen was born in Dillingham, Alaska and was raised at Clark's Point, Alaska, a small village on the Nushagak Bay. He is the son of John and Peggy Andersen. He comes from a large family of 8 sisters and 2 brothers. Ralph is married to Flossie Hopson Andersen of Barrow. They have 3 children and 5 grandchildren.

Ralph graduated from high school in Woodstock, Vermont in 1972. He attended Dartmouth College in Hanover, New Hampshire from 1972 to 1974. In 1979 Ralph graduated from the University of Alaska - Fairbanks with a Bachelor of Arts degree in English and Political Science.

In 1979 Ralph moved to Barrow and worked at the North Slope Borough as Special Assistant to Mayor Eben Hopson, and continued in that position until 1985. From 1985 to 1990, he worked at the Arctic Slope Regional Corporation as the Manager of Administration & Property Manager. Ralph went back to the North Slope Borough as Chief of Staff from 1990 to 1993. He then served as Special Assistant to the Dean of Students at Uisagvik College from 1994 to 1996, and was the Dean of Student Services from 1996 to 1997.

In 1997 Ralph and his family moved back to Bristol Bay after being away for about 30 years. He joined the Bristol Bay Native Association as the Natural Resources Program Manager in January 1998. Ralph is now the Deputy Director of Lands & Resources at BBNA and supervises a full time staff in the areas of forestry, subsistence, marine mammals, environmental protection, and federal subsistence fisheries monitoring. He is a shareholder in the Bristol Bay Native Corporation and Saguyak, Inc., the Native Village Corporation at Clark's Point.

Biography

Colin B. Brown

Colin was born on February 24, 1950 in York, Maine. He was born into a Yankee family that had lived in the Kittery, Maine and Portsmouth, New Hampshire area since the mid 1600's. This large family was made up of shipwrights, carpenters, several engineers, a great grandfather that was a lawyer and an aunt that served forty years as a missionary to Africa from about 1910 to 1950. The general interests of the family was hunting and fishing, both for subsistence and sport. On the paternal side there was an excitement for aviation. Colin's father worked as a young teen during the depression era as a wing walker for a New England flying circus. Above all and the core of the family was the love of the Gospel of Jesus Christ.

All of these family influences inspired Colin to become interested in wildlife, hunting, trapping, fishing and airplanes. The distractions of these interests lead Colin to become something less than an "inspired" student in school, however, Colin was an avid reader and this skill enabled him to hold his own with his peers.

After high school Colin held several jobs such as construction laborer, commercial fisherman and machinist before enlisting in the Army in 1971. After a two year tour of duty in Berlin, Germany, Colin earned a commercial pilots license with instrument rating while living in Massachusetts. After a week in northern Maine, a floatplane rating was added to his certificate.

Recognizing that there were fewer roads and more airplanes in Alaska than any where else in the world, and likely more pilot jobs, Colin followed his childhood dream and headed north to Alaska in the mid 1970's.

Stepping off the plane in Anchorage, Colin began what has become a nearly thirty year love affair with Alaska. While looking for employment as a pilot, Colin worked several jobs in Anchorage from gas station attendant to aircraft mechanics helper. In August 1977, Colin landed a pilot position with Harold's Air Service and moved to what would become his permanent home, Galena, Alaska. During the next seven years, Colin developed his flying skills to include "off airport" or bush flying techniques. He also took time to court and marry Julie Rustad, a wonderful young women from

California, that he found trapping alone with her dog team fifty miles up the Yukon River from Ruby, Alaska. Initially, his attentions were rebuffed as she felt bush pilots tended to be "arrogant and self centered". However, Colin won her heart soon enough and they were married. Over the next few years Colin and Julie spent the summers in Galena and the winters out at camp trapping by dog team and starting a family. They now have two grown sons.

Taking the opportunity to do more of the natural resources type of flying, Colin took employment with the U.S. Fish and Wildlife Service. There he spent most of his time radio tracking, surveying, tagging and observing wolves, bears, moose, caribou, marten as well as waterfowl and fish. As more pilots and personnel were added to the staff, Colin also served as pilot safety officer and firearms/bear safety training officer.

After fourteen years with U.S. Fish and Wildlife Service, Colin realized that even though most of his time was spent in the Alaska outdoors, he missed the interaction with all his friends in the surrounding villages that he had had while working as an air taxi pilot. So in 1997, Colin started his own air taxi, Yukon Eagle Air. Now his time is spent equally in the natural resources flying and village charters with some hunter transport in the fall time.

I have made payroll and worked as an employer all of my working life. Along with all of the members of The Alaska Professional Hunters Association I have worked very hard to create this board and I believe in the professional guiding industry. My wife and family support my desire to serve on this board. As a member and Chairman of the previous Big Game Commercial Services Board I am aware of the exceptional andir ratings we had as a board prior to being allowed to sunset by Senator Rick Halford.

Please note that without hesitation I promote and support the nominations to this new board made by the Alaska Professional Hunters Association. Both Richard Rohrer and Brad Demison are men of the highest level of integrity. I have given Governor Murkowski my full support and if asked to serve on this board will do my best to uphold and support his policies.

Dear Governor Murkowski,

GOVERNOR'S OFFICE

This letter is to inform you that I am willing to serve on the Alaska Big Game Commercial Services Board. Following is a brief biography:

I am sixty-one years old and first came to Alaska 40 years ago. I have lived in Kodiak since 1969 and brought my wife Susan (married 36 yrs) here two years later. We have successfully raised four children to responsible, productive adulthood. Three of these children live in Kodiak and have made their homes here. My introduction to the Guiding profession in Alaska began in 1965. Sue and I have operated our Guide Business since 1982 under the name "Rohrer Bear Camp Inc." See enclosed brochures.

Sue and I are both politically conservative and have faithfully voted for you during your Senate years and the Governor race. We also voted for Lisa in the race for her current Senate seat.

Now to qualifications:

1. Master Guide, clean record, no fish game violations or charges in my lifetime, or any of my children. No violations by any employee during their employment with me.
2. Former member of the Kodiak Fish/Game advisory board (Guide Seat)
3. Member of the Citizens Advisory Committee that produced, in cooperation with the Dept. of F/G, The Kodiak Archipelago Bear Conservation and Management Plan.
4. Member of Kodiak Unified Bear Subcommittee (KUBS)
5. Past board member of APHA
6. Member of the Wells Fargo State Board
7. 30 year member Board of Elders, Kodiak Bible Chapel
8. Past board member Kodiak Christian School
9. 2005 recipient of the Frank Golotta Outstanding Outfitter Award. This award is given to one outfitter in North America each year in recognition for a lifetime of achievement by the Foundation for North American Wild Sheep. (FNAWS)

Governor Murkowski, I can assure you there is nothing in my past or that of my family that will bring embarrassment to you or the Office of the Governor if appointed to the "BGCSB".

Sincerely, Richard A. Rohrer Master Guide License #69

I was raised in Wyoming and completed my college education at the University of Wyoming. I hold a bachelor's degree in Wildlife Management and Master's in Range Management. I finished graduate school in May of 1973 and moved to Alaska in July. I have never been out of the state except for vacations. I'm 53 years old and married to Elaine Spraker. I have one son from a previous marriage, Clint, 23 and two stepchildren with Elaine, Ashley 14 and Kyle 12. My wife and all of our children are successful big game hunters and enjoy fishing. Kyle is my trapping partner.

Work:

I worked for U.S. Fish and Wildlife Service for five months, three in Southeast and two at the Kenai Moose Research Center in 1973.

I was hired by Department of Fish and Game on February 1, 1974, following one month of volunteer work. I worked in the Anchorage office for eight months before being promoted to Assistant Wildlife Biologist and transferred to Glennallen.

In July 1978, I was promoted to Area Wildlife Biologist and transferred to Soldotna as the biologist for the Kenai Peninsula. I remained in that position until I retired June 1, 2002, 28 years 4 months service.

Accomplishments with the Department:

I have made many changes during my near three decades career with the Department concerning wildlife, and hunting and trapping opportunities. Some of the most important projects were. In 1981, presented survey data to the Board of Game to change the goat hunting on the Kenai. This hunting program is still in place.

I served as the project leader when caribou were relocated from Glennallen to the Kenai in 1985 and 1986 to establish the Twin Lakes, Killey River and Fox River herds. Eighty animals were released that grew to over 800 by fall 2002. One of the reasons we moved caribou was to establish new herds for hunting.

In 1987, I worked with the five local Fish and Game Advisory Committees and Board of Game to change the bag limit for moose from an "any bull" program to a Selective Harvest System. This effort was successful in restoring the bull to cow ratio, resulting in an improvement in our local moose population's health and longer hunting seasons. The success on the Kenai inspired the Board of Game to approve this system for other Game Management Units from southeast to the interior.

I have received several conservation awards including the Life Time Conservation award from Safari Club International and a conservation award from the local trappers association.

I'm a member of the Alaska Trappers Association, Safari Club International and a lifetime member of NRA. I'm an avid hunter, trapper and fisherman. I have commercial halibut fished every year since 1979 and currently hold a small IFQ.

I'm interested in being on the Board of Game due to my long-term involvement in this regulatory process and wildlife management. I also believe that under this new administration the Board will be allowed to make needed changes to benefit wildlife populations and their habitats, and a variety of users across the state.

Thank you for your support,

Ted

Office of the Governor
Boards and Commissions

December 23, 2005

Sir,

I am seeking an appointment to the Big Game Commercial Services Board.

I have been an Alaska resident for thirty years. I arrived here in 1976 while enlisted in U.S Air Force, stationed at Elmendorf Air Force base.

I became an Alaska State Trooper in January 1982 and was a Fish and Wildlife Protection Trooper from 1984 until I retired in 2002.

I have an extensive background in the application of Fish and Wildlife related statutes and regulations and have a strong sense of ethics and dedication towards the protection of our wildlife resources. During my career in Fish and Wildlife I worked closely with many State and Federal agencies to accomplish our parallel duties and goals. I dealt frequently with many of the commercial service providers in the guide/transporter industries.

I established an excellent rapport with many of our rural residents by exhibiting a strong sense of fairness and devotion to understanding their needs while maintaining a consistent application of the regulations.

Upon retiring from the State Troopers in 2002 I worked as a commercial pilot and assistant guide for Master Guide Joe Klutsch of King Salmon Alaska. I gained an understanding of commercial guiding and transporting from within the industry while working with him. I am a life member of the Alaska Professional Hunters association and am currently a licensed assistant guide, although I do not pursue guiding as a profession.

I have lived in many places throughout the State of Alaska, specifically, the Matanuska Valley, Sand Point, Kodiak, Fairbanks, Coldfoot, Soldotna and Anchorage. I have hunted and fished in all of these areas and am acquainted with many of the guides, transporters and resource users in these areas.

I believe that my depth of experience and dedication to our resources would be an asset to the Big Game Commercial Services board and I would devote myself to being a strong and productive member of the board if selected.

Respectfully,

Robert D. Mumford

Specialized Experience:

I have been an Alaska resident for thirty years. I came to Alaska in January 1976 while in the United States Air Force. I held a Top Secret security clearance and was awarded the Meritorious Service Medal.

I am an avid wildlife photographer, hunter, fisherman and pilot.

I was employed as an Alaska State Trooper from January 1982 to February 2002. My assignments were varied. After attending the 36th recruit academy I was stationed in Palmer as a patrol trooper.

In June 1984 I was reassigned to the Division of Fish and Wildlife Protection and transferred to Sand Point. I patrolled all of the various commercial fisheries, commercial and sport hunting and trapping efforts in addition to providing extra criminal law enforcement to the Alaska Peninsula area and Bristol Bay region. I skippered a 32' patrol boat and supervised one to two seasonal aides. I worked closely with numerous State and Federal enforcement/management agencies, to include; Alaska Department of Fish and Game, National Wildlife Refuge and National Marine Fisheries. I was awarded Trooper of the Year in 1985 and a medal for bravery.

I was transferred to Kodiak in 1987 where I continued to work Fish and Wildlife patrol as a 32' patrol boat skipper. I continued my close working relationship with all State and Federal Fish and Wildlife agencies and continued to work much of the Alaska Peninsula and Bristol Bay. I attained airplane pilot status with the Department of Public Safety in 1988.

I transferred to Fairbanks in 1991 working patrol of the Fairbanks area and the Brooks Range by vehicle and or aircraft patrols. I routinely patrolled the Alaska Range. I maintained a close liaison with personnel from Alaska Department of Fish and Game, Bureau of Land Management and U.S. Fish and Wildlife Service.

I made many patrols of the Dalton highway and was involved in several enforcement actions of illegal guiding/transporting.

I transferred to Coldfoot June 1995 as patrol pilot. I was involved in several more illegal guiding/transporting enforcement actions and made numerous long range patrols of the Brooks Range. I developed a good rapport with many local residents of villages and remote communities within my patrol areas.

I was promoted to Sergeant October 1998 and transferred to Soldotna. I supervised commissioned and noncommissioned personnel and in addition to my patrol duties I provided over site of all training of new Fish and Wildlife troopers on the Kenai Peninsula.

I promoted to Lieutenant December 2000 and transferred to Anchorage where I was the Deputy Commander of "C" Detachment. I supervised the Fish and Wildlife enforcement of most of Western Alaska and the Alaska Peninsula. I continued to patrol the Bristol Bay and Alaska Peninsula areas.

I retired from the Department of Public Safety February 2002. In May of 2002 I was employed by Master Guide Joe Klutsch as an assistant guide/pilot. I have been a licensed assistant guide since May 2002 however I do not actively do any guiding.

I am a commercial certificated pilot for single engine land/sea airplanes with an instrument rating. My pilot license was earned December 1985.

My most recent employment was as an armed Security Guard for Doyon Security at the Port of Anchorage.

I am a Life member of the National Rifle Association, Fraternal Order of Alaska State Troopers and the Alaska Professional Hunters Association. I hold memberships in Safari Club International and the Rocky Mountain Elk Foundation, the Alaskan Airman's Association and the Medallion Foundation.

I am a registered voter in Alaska.

OFFICE OF THE GOVERNOR
MAILROOM

FEB - 1 2006

Dear Ms. Fischetti,

I have submitted an application for the "Public" position on the Big Game Commercial Services Board. It is my understanding that there is some confusion about my eligibility to serve on the board. The confusion stems from my having held an assistant guide license.

I retired from the Department of Public Safety February of 2002 and obtained an assistant guide license that spring. I worked for three weeks in May 2002 as an assistant guide/pilot for Master Guide Joe Klutsch of King Salmon. I have never worked in the guiding or transporting industry since that time. I did however maintain the assistant guide license.

When I applied to be considered for the position on the Big Game Commercial Services Board, I surrendered my assistant guide license to Cindy Roccodero, licensing examiner, requesting that it be deactivated. She has assured me that my license is no longer active and that I am not a licensed assistant guide.

I have no other professional ties to the guiding or transporting industries and believe that I am eligible to be appointed the Big Game Commercial Services Board at the pleasure of the Governor.

If you have any questions please feel free to contact me at: 907-345-7269 or

Respectfully,

Robert Mumford

all emails were preserved--gas line related as well as all other--on our email server

all electronic gas line documents were written to disk and preserved by Mr. Myers. DO&G has a copy of the disk

all paper copies of gas line documents as well as other director- related documents were preserved by Mr. Myers. DO&G has them.

what were not preserved were electronic draft documents, copies (and I do mean just copies) of non gas line related DNR confidential geological, geophysical, commercial and economic data, and copies (and I do again mean copies) of personnel related documents such as evaluations. we have paper copies in our permanent files.

It would be inappropriate to assign director Myers' computers to other staff members in the division with the above mentioned data and information still on them. That is our plan for the computers when we get the computers back from DOA.

To my knowledge the appropriate information was preserved.

The Honorable Gene Therriault, Chair
Senate State Affairs Committee
State Capitol, Room 119
Juneau, AK 99800-0001

Dear Senator Therriault:

Because of recent attention focused on former Division of Oil and Gas director Mark Meyers and the Department of Natural Resources' computer record retention policies, I thought the following information would be of interest to you.

The standard practice of the Department of Natural Resources is that the computer of an employee leaving state service should not be erased. Moreover, Alaska's Public Records Act prohibits departing public officials from destroying public records, and requires them to deliver all records, including those stored on computer, intact to their successors.

The Division of Oil and Gas, which collects sensitive proprietary data about the oil and gas industry, maintains its own information technology (IT) staff. Under the division's standard practice, it runs regular weekly evening electronic backups of all division computers connected to the division's network. Data on the backup tapes is preserved for two months, before the tapes are reused and the data lost.

Former Division Director Mark Myers used two state-owned laptop computers in his work. One was a laptop issued in June 2005, which he connected to the division's computer network via a docking station during the day. Computerized records show it had not been connected to the network at night for backup for at least the two months before he resigned, and no backup for it currently exists. The other was his previous laptop, which had last been backed up in February 2005. The division has no records of a manual backup of either laptop.

Senator Gene Therriault
February 7, 2006
Page 2 of 2

After submitting his resignation, but before leaving the state payroll, Myers asked the department's support services director for permission to erase his computer hard drives, and was reminded of the division's standard practice against such action. Myers only got approval after indicating his computers were backed up, and giving the new division director a compact disc containing copies of files relating to natural gas pipeline negotiations. Myers then told a division IT staffer to erase the hard drives of both computers, and that staffer complied.

While the division has the compact disc, and paper copies of Myers' official records as division director and gasline team member, it has no complete backup of the information that may have been stored on either of his state laptop computers.

Sincerely,

A large, stylized handwritten signature in black ink, appearing to read 'Michael L. Menge', is written over the typed name and title.

Subject: Board of Fish Vacancy

Dear Office of the Governor,

My name is Jeremiah Campbell and I am a lifelong Alaskan, growing up in Seward, and now raising my family in Seward. I am interested in the Board of Fish Seat that was vacated by Ed Dersham.

Being born and raised in Alaska has given me the opportunity to experience a multitude of the fisheries that Alaska has to offer. Since starting off as a kid commercial fishing in the Lower Cook Inlet, I have been involved in various aspects of the industry over the years, to include partners in a small seafood plant that did custom processing and smoking of fish, and also having a small Seafood Restaurant in Seward. We currently own and operate a Sportfishing & Sightseeing business in Seward called Alaska Northern Outfitters, LLC. My Partners and I have recently purchased a 100' Crabber/Tender the (f/v Mary J) and will be working the boat around the state in various Salmon & Herring fisheries.

I was elected secretary of our local Fish & Game Advisory committee in the fall of 2004, and am also the vice president of our local Seward Charterboat Association.

I believe I would make a good choice for the Board of Fish if given the opportunity. As complex as some of our fisheries are around the state, I believe that my ability to rationalize and use good judgment when presented with good factual data, sound biology, and rational input from all sides of the issues would make me a good asset to the board. I believe there are some hard choices to make in the future involving a good number of our fisheries around the state and I would like to be a part of the decision making process. I have enclosed my packet for consideration.

Respectfully,
Jeremiah D. Campbell

Subject: Reject Jeremiah Campbell for BOF

Dear Sirs and Madam:

I am writing to express my sincere belief that Jeremiah Campbell should not be confirmed as a member of the Board of Fish. After observing his performance on the Board at the Ketchikan meetings last week it became obvious to me that he should not sit on this board for the next three years.

The damage that he could do to the commercial fisheries during a full term could take years to remedy, if at all.

What Jeremiah brings to the Board of Fish is an unrelenting bent toward the sport/charter business. I recognize that we need members to represent all interests but the problem with Mr. Campbell is that he comes into testimony with his mind already made up on subjects that he has no real understanding.

He does not put forth the effort to educate himself on the proposals at hand and maintain an unbiased position until all of the facts have been presented. That is not the type of person we need making crucial decisions affecting our fisheries. The difference was especially evident when contrasted with Dr. Fred Boyce, who also represents sport fishermen, but has a keen and inquisitive mind and seeks to discover the facts before making a decision.

Please keep this perspective in mind when considering the confirmation of Jeremiah Campbell for the Board of Fish. We need people who have a much broader base of experience and an open mind to be in a position so important to the future of fisheries in Alaska.

Thank you,
Charles Olson

Senator Thomas Wagoner
State Capitol (Interdepartmental Mail Stop 3100)
Juneau, AK 99801

Dear Senator Wagoner,

United Fishermen of Alaska (UFA) includes 31 member Commercial fishing organizations, representing fisheries from across the State. The UFA board has voted overwhelmingly to oppose the confirmation of Jeremiah Campbell for the Board of Fisheries.

Mr. Campbell's testimony at the North Pacific Fisheries Management Council on December 8, in which he related that he assumed in late 2002 that the Council's 2001 action regarding halibut would not be enacted, and therefore purchased charter vessels that would not be eligible under the Council's action, shows an alarming disregard for the public fisheries management process. His disdain for the Council members, procedure and process was evident in the remaining testimony he provided.

Thus far, Mr. Campbell has been "learning on the job" with the Board of Fisheries. There is too much at stake in Alaska's fisheries to have people who are just developing their fisheries knowledge while our livelihoods and fish resources are at stake.

UFA has a long tradition of supporting fisheries management through Board of Fisheries and Council public process. We appreciate your consideration of our position regarding Mr. Campbell and the Alaska Board of Fisheries.

Sincerely,

Mark Vinsel

Honorable Senators

Before you this spring there is a simple confirmation which may seem most trivial to you with the workload that is laid out before you. This is the confirmation of Mr. Jeremiah Campbell to the Alaska Board of Fisheries. Our association consists of 130 purse seiners in Southeast Alaska. Our fleet provides 1000 commercial fishing jobs, and the 200 million pounds of salmon that provide 2500 processing jobs and another 500 direct and indirect jobs in Southeast Alaska.

We oppose the confirmation of Mr. Jeremiah Campbell.

Although Mr. Campbell conducted himself with fairness in our region with regard to sport and commercial issues, we recognized immediately his lack of knowledge and understanding of our fisheries and the major economic issues of that part of our fleet who fish for herring.

The herring markets are in distress, our insurance rates are skyrocketing and our Sitka fishery is under attack from the Sitka Tribe for Federal closure due to subsistence management. Our fishermen who comprise the herring fleet proposed to change their fishery to an "equal split harvest" to eliminate the 15 to 45 minute (in an entire year) "derby style race for fish" fishery and spread it out so that there could be an increase in Alaskan jobs, fish processed in Alaska as opposed to Canada, increased value, quality and roe yields and less waste and overage of catch.

After all this, Mr. Campbell could only think to comment on this proposal-- which has been worked on for nearly a decade-- his comment was "This is Socialism". This, after 82%(42 fishermen) of the fleet and 92%(10) of the processors supported this proposal. (10% of fishermen(5 fishermen) and 8%(One processor-- Icicle Seafoods) of processors were against the proposal). This, after the ADFG managers said that the proposal would have been a superior management tool. This after an independent economic study showed that this change would result in millions of dollars surplus into the Alaskan economy.

We need experienced board members, not novices who are learning on the job.

Please help Mr. Campbell to spend more time in his charter and tender business and allow him also more time to spend with his lovely wife and 3 beautiful daughters by sending him home to Seward from duty on the board of fisheries.

We have fishing businesses to run and do not need to be a training ground for young men eager to learn about the fishing business.

Please ask the Governor to select Larry Van Ray to take Mr. Campbell's place. This is a man who has fisheries science experience and will be a quick study to make decisions on the Board. I made a mistake in recommending Mr. Campbell to the Governor and wish to help rectify that mistake before any more economic damage is done to the state's fisheries.

Respectfully Yours

Subject: Campbell confirmation

Dear Senator Wagoner,

You may know that United Fishermen of Alaska (UFA) is developing a position to oppose appointment of Jeremiah Campbell to the Board of Fish. I encourage UFA to adopt the position opposing Mr Campbell, and I encourage them to do so.

In my opinion Jeremiah is a direct voice for the sport/charter industry ala Bob Penny. Under his leadership you should anticipate some very serious attacks on the current sound halibut management practices of the IPHC and the NMFS/NPFMC. This guy is bad news for the GOA commercial fishing industry.

The commercial industry may be doomed in the end anyway, if guys like Bob Penny and Jeremiah Campbell prevail, but we do not need to go down without a whimper. Jeremiah Campbell and Bob Penny will continue to undermine sound halibut management which is the the foundation of all groundfish management in the Gulf of Alaska. We need to stop this appointment.

In December, Jeremiah testified to the NPFMC (while he is an interim sitting BOF member) to rescind the Charter Halibut IFQ plan. When asked about his interests in the industry, he alleged to owning some charter fishing boats operating out of Seward. When further questioned, he admitted that he acquired his business interests after the Charter Halibut IFQ plan had been finally approved by the NPFMC. When questioned about that decision to invest after the door had closed, he said he was confident at the time and continues to remain confident that he and his cronies could simply throw out a simple NPFMC decision! (due to having superior political connections presumably).

You know that we in the commercial industry depend on the NPFMC and the BOF processes to be science based, deliberate, thorough, and open. Jeremiah's public testimony to the NPFMC demonstrates clearly, that he will have no compunction about subverting the established public process to attack not just the longline industry, but certainly the trawl industry, and the commercial industry overall.

I think it is very important to spread the word and encourage people to contact their legislators and demand that Jeremiah's confirmation process never see the light of day.
