RE: Request for change in wording in HB 556

Dear Jay:

Please accept this letter as the Administration's formal request that the wording in Sec. 8 of the Governor's original FY 81 budget bill (HB 556) be expanded to specifically limit the conditions under which transfers between appropriations might be made.

Section 8 of HB 556 as we now propose that it should read is shown below (with the newly requested words underlined):

* Section 8. Notwithstanding provisions of AS 37.07.080 (e), each appropriation to the University of Alaska is subject to reallocation by the university administration under procedures established by the Board of Regents and the Division of Budget and Management. No transfers may be made between appropriations except as provided in an act making transfers between appropriations.

Thank you for your assistance in implementing this change.

Sincerely,

Ronald D. Lehr
Director
