FREE CONFERENCE COMMITTEE
ON THE BUDGET
(HB 148)
May 29, 1982
9:10 a.m.

(Tape FCC 82-1, side 1 #001.)

PRESENT

Members of the Committee in attendance: Representatives Montgomery, Adams, Cotten; Senators Bennett, Sackett, Ray.

CALL TO ORDER

Representative Adams called the Conference Committee on HB 148 to order at 9:10 a.m. on May 29, 1982 in the Governor's Conference Room, Capitol Building. He stated the Conferees on the House side were Representatives Adams, Montgomery and Cotten. He noted that every year they exchange the gavel, and this year it is the Senate's year to chair the meeting. At this time, Representative Adams turned the gavel over the Senator Bennett.

Chairman Bennett stated the Conferees on the Senate side are Senators Bennett, Sackett and Ray. He said the purpose of this morning's meeting is to make contact and establish rules. He advised he was compelled the MAKE THE MOTION that the Senate's version of the budget be accepted. Representatives Montgomery, Adams and Cotten OBJECTED. The MOTION FAILED.

Senator Bennett stated they would begin review of the various categories this afternoon at 2:00 p.m. Representative Adams said he would hope that of the 18 categories, they could close 12 at that time. He suggested these 12 could be closed with few amendments: Office of Governor, Administration, Law, Revenue, Education, Labor, Military Affairs, Public Safety, Transportation, Environmental Conservation, Community & Regional Affairs, and Court System.

Chairman Bennett requested that the budget representatives from the Governor's Office be present and that Mr. Hogan's staff be available if they are needed. Representative Adams requested that Mr. Hogan's staff be present.

Representative Adams said their only other recommendation would be that it will take two votes from each side to reopen a category once it has been closed.

CALL TO ORDER

Chairman Don Bennett convened the meeting at approximately 9:06 a.m.

PRESENT

In attendance were Senate members Bennett, Ray, and Sackett, and House members Adams, Montgomery, and Cotten. Also present were House Speaker, Joe Hayes; Ron Lehr, Director of Budget & Management; Jim Scey, Deputy Director of Budget & Management; Kurt Dzinich of the Senate Advisory Agency; Fiscal Analysts Alison Elgee, Alison Farnan, Garrey Peska, and Bob Schroeder; Administrative Assistants to House Finance Cheryl Frasca and Marla Berg; Administrative Assistant to Senate Finance Sandy Nusbaum; numerous representatives from departments and lobbyists, and representatives from the press.

SODA AND AGRICULTURAL PROGRAMS

Rep. Adams clarified committee agreement to request limited free conference powers regarding SODA programs to include SODA grants. He further acknowledged committee agreement that Agricultural Programs (pages 80-89) remain open for further discussion.

OFFICE OF THE GOVERNOR

Chairman Bennett directed committee attention to p. 17, advising that within the Governor's Office only the Asian Office remains open for consideration.

ASIAN OFFICE, p. 17

Rep. Adams moved for funding of 240.0 and transfer of the sub-program from the Governor's Office to the Department of Commerce and Economic Development. Chairman Bennett objected. Mr. Adams next moved for adoption of a compromise figure of 375.0. Chairman Bennett again objected. Rep. Adams requested that the sub-program remain OPEN for later consideration.

ADMINISTRATION

PIONEERS HOMES - KOTZEBUE, p. 17

Rep. Adams moved for acceptance of the House figure of 864.8, advising that the increase over the Senate figure represents inflation and salary increases necessary to bring the Kotzebue home up to par with other Pioneer Homes. Senate members objected and the program was held OPEN for later discussion.

PUBLIC OFFICES COMMISSION, p. 69

Rep. Adams moved for adoption of the House figure of 423.7. Chairman Bennett objected. The program was held OPEN for later consideration.

PUBLIC BROADCASTING COMMISSION, p. 71

Rep. Adams moved for adoption of House funding of 6385.5, advising that differences between House and Senate figures result from House designation of funding for radio stations and decreases in administrative moneys. Chairman Bennett objected to the proposed funding and requested that the program remain OPEN for later discussion.

ADMIN. SERVICES - FISCAL/PERSONNEL, p. 79

Rep. Adams moved for adoption of House funding of 651.7. Chairman Bennett objected. Rep. Cotten advised that differences in Senate and House funding result from the fact that the House funded a continuation budget while the Senate added employees. Senator Ray noted that the House figure actually reduces funding below the continuation level. The program was held OPEN for later discussion.

ADMIN. SERVICES - TELECOMMUNICATIONS SYSTEMS, p. 91

Rep. Adams moved for adoption of funding of 9299.5, which would allow for one transponder and entertainment broadcasting after 4:00 p.m. Chairman Bennett objected, moving instead for adoption of the Senate figure of 9805.5. Rep. Cotten raised questions concerning costs and contractual funding. Ron Lehr advised that the bulk of the funding "goes for transponders" and severance charges. Garrey Peska acknowledged that costs relate to satellite services and transponders. Responding to a question from Senator Sackett concerning the Governor's amended figure (the figure originally offered by Mr. Adams), Ron Lehr stated that such funding would allow for one rather than two transponders. Rep. Cotten noted that the program currently uses two transponders, one for ITV and one for entertainment. When questioned further concerning broadcasting time, Ron Lehr advised that he had no information regarding current and anticipated broadcast hours. Chairman Bennett moved to hold the program OPEN

pending receipt of additional information relating to broadcast hours and the effect of proposed reductions upon television service.

RETIREMENT & BENEFITS, p. 125

Rep. Adams moved for adoption of the Senate total of 462.8. No objection having been voiced, the funding was adopted.

MILITARY AFFAIRS

SEARCH & RESCUE-CAP, p. 3

Mr. Adams moved for funding of 668.9, advising that House figures include everything but 120.0 in miscellaneous funding which the agency cannot explain. This funding has lapsed twice over the past two years. Chairman Bennett distributed a handout to conferees. Senator Ray advised that miscellaneous funding includes a request for a hangar and float plane dock at Juneau. Mr. Adams objected to inclusion of 240.1 in miscellaneous funding. Chairman Bennett requested that the program be held OPEN for later discussion.

DISASTER PLANNING & CONTROL - RESERVIST PROGRAM, p. 21

Mr. Adams moved for adoption of zero funding for the program (the House approach). Chairman Bennett objected, requesting that the program remain OPEN for later discussion.

FISH & WILDLIFE PROTECTION - ENFORCEMENT, p. 3

Rep. Adams moved for funding of 8078.1. Chairman Bennett objected. Mr. Adams explained that the difference between House and Senate figures results from House deletion of five positions. Chairman Bennett requested that the program remain OPEN for later consideration.

FISH & WILDLIFE PROTECTION - DIRECTORS OFFICE, p. 5

Rep. Adams moved for adoption of a new total of 691.2 and House intent language, advising that differences between House and Senate figures result from House deletion of two positions. Chairman Bennett objected, requesting that the program be held OPEN for later action.

FISH & WILDLIFE PROTECTIONS - MARINE ENFORCEMENT, p. 9

Rep. Adams moved for funding of 2855.8, advising that it represents 30.0 less than the Senate figure. Reductions were made in commodities. Chairman Bennett objected, requesting that the program remain OPEN for further discussion.

HIGHWAY SAFETY PLANNING AGENCY, p. 19

Mr. Adams moved for adoption of 1070.5 in funding, advising that the agency has done a good job. Rep. Cotten noted that the House figure would fund five positions for the year. Chairman Bennett objected, requesting that the program remain OPEN.

AST. SUP. & SER. - CENTRAL COMMUNICATIONS, p. 45

Rep. Adams moved for funding of 1763.9, advising that the amount takes into consideration FY 82 salary increases and "holds down the 5% vacancy factor." Chairman Bennett concurred in the above funding which is to be accompanied by the Senate explanation. No objection having been raised, the foregoing was adopted.

AST SUP. & SER. - JUDICIAL SERVICES, A.S.T., p. 49

Rep. Adams moved for adoption of 3017.9 which represents FY 82 funding plus salary increases. The Senate concurred in the motion, and the funding was adopted.

AST SUP. & SER. - PRISONER TRANSPORT, p. 51

Rep. Adams moved to "split the difference" in transportation costs between the House and Senate and fund the program for 614.5. The figure was adopted.

BUREAU OF VEHICLE ENFORCEMENT, p. 73

Rep. Adams moved for funding of 859.4, advising that passage of Hb 586 will transfer much of the program's function to the Dept. of Commerce. Responding to a question from Rep. Cotten concerning trooper positions under the old program, Senator Sackett advised that the troopers would be retained and assigned to alternative work. Chairman Bennett requested that the program remain OPEN for later action.

VILLAGE PUBLIC SAFETY OFFICER - CONTRACTS, p. 77

Rep. Adams moved for adoption of 3768.4 (the Senate figure) with the House intent (handout). Chairman Bennett raised questions concerning amounts spent for grants. Senator Ray asked Ron Lehr if three additional communities: Tetlik, Port Graham, and Port Gray could be included without increased funding. Ron Lehr advised that he did not know. Senator Sackett acknowledged that "some funding" is available to accommodate the additions, but added that he didn't know how far the funding would go. Chairman Bennett requested that the program remain OPEN pending receipt of further information.

DOMESTIC VIOLENCE COUNCIL, p. 93

Rep. Adams moved for adoption of the House figure of 3255.8. Chairman Bennett objected. Mr. Adams requested that the program remain OPEN for later discussion.

ALASKA COURT SYSTEM

APPELLATE COURTS, p. 3

Chairman Bennett distributed a handout containing proposed intent. House conferees accepted the intent language. Rep. Adams noted that the committee had earlier adopted the Senate total of 3047.3. Rep. Cotten raised questions concerning the increased number of positions, asking how these positions would be funded. Chairman Bennett responded, "out of existing resources." Rep. Cotten asked how much the six new positions would cost, and moved that the program remain open for later consideration. Upon a show of hands, however, the motion failed, and the program was closed.

At this time the meeting was recessed.

RECESS - 10:00 a.m.

RECONVENE - 10:24 a.m.

Upon reconvening, Chairman Bennett directed committee attention to the Judicial Council program.

JUDICIAL COUNCIL, p. 13

Rep. Adams expressed agreement with the Senate figure of 502.8. He further moved for adoption of House intent including language contained in Sec. 22 of the budget bill which provides for funding of 51.1 for a 1982 judicial retention election evaluation as required by law. Senator Ray expressed concern that funding in the above manner might place restrictions on needed studies since some of the studies might require two years to complete. Mr. Adams stated his preference for including the intent language in order that mandated studies will be conducted regardless of the time period necessary. The funding and intent language were adopted by committee.

DEPARTMENT OF REVENUE

SHARED TAXES - MUNICIPAL ASSISTANCE, p. 9

Rep. Adams moved for adoption of the House figure of 71300.0, advising that funding more properly belongs under this agency and program rather than in Sec. 66 of the budget bill. Senator conferees concurred, and the above funding was adopted.

REVENUE OPERATIONS - AUDIT, p. 31

Rep. Adams moved for adoption of a new total of 2732.7, advising of need to reduce personal services following an audit which revealed that the Department failed to adequately reduce staff after repeal of the state income tax. Senator conferees accepted the figure offered by the House.

REVENUE OPERATIONS - ENFORCEMENT, p. 35

Rep. Adams moved for adoption of 1323.6, representing a reduction of 12 positions for a new total of 25. Failure to reduce staff following elimination of the state income tax was again cited as the reason for the reduction in personal services. Chairman Bennett moved for adoption of 1423.6 as a compromise figure. House members rejected the Senate offer. Chairman Bennett suggested that the program remain OPEN for later discussion.

REFUNDABLE CREDITS, p. 49

Rep. Cotten noted that current law allows for refunds for political contributions, and asked if the funding level for this program is adequate to cover refund claims. Rep. Adams advised

that the law states that refunds may be given; it does not state that reimbursements must be made. Rep. Cotten attested to inequities involved in refunds issued on a "first come/first served" basis. Mr. Adams moved for adoption of the House figure of 1033.0. Rep. Cotten objected. Senator Ray moved for adoption of the Senate figure (identical to that of the House). Rep. Cotten's objection to the figure was overridden and the "synonymous" House/Senate total adopted.

FOUNDATION PROGRAM COMPONENTS - CORRESPONDENCE STUDY - LOCAL, p. 11

Rep. Adams moved for adoption of the Senate figure of 5151.2, since it represents grant funding. Chairman Bennett advised that Senate members would accept the House (2) figure of 4775.9. Mr. Adams voiced agreement with the House figure. Rep. Cotten raised questions concerning the foundation formula. Fiscal Analyst Alison Elgee responded that SB 649 (currently pending) would suspend the formula approach to education. Under provisions of the bill, funding would be divided between districts on a per pupil basis. Rep. Cotten requested that sub-programs under the foundation program remain OPEN pending the outcome of SB 649. Chairman Bennett asked if House members intended to establish a policy of holding open all programs having pending legislation. Mr. Adams responded negatively, but requested that foundation sub-programs remain OPEN.

Mr. Adams further moved for adoption of House intent language, noting that the foregoing figures allow for funding of the student leadership development program. Responding to inquiry from Senator Ray concerning student leadership funding, Rep. Adams directed that additional language be added to House intent, specifying that the leadership program be funded from grants. The foregoing funding and intent were adopted by committee.

EXECUTIVE ADMINISTRATION - COMMISSIONER, p. 79

Rep. Adams moved for funding of 748.1 (Personal Services 479.3, Travel 46.8, Contractual 205.9, Commodities 16.1). Rep. Cotten spoke to need to add funding to travel budgets and requested that the program remain OPEN. Chairman Bennett advised that the program would remain OPEN for later consideration.

ADULT & POSTSECONDARY SUPPORT - ADULT BASIC EDUCATION, p. 97

Chairman Bennett requested that the program remain OPEN for further discussion.

VOCATIONAL REHABILITATION - INDEPENDENT LIVING REHAB., p. 129

Rep. Adams moved for adoption of the House figure of 555.0, noting that the 200.0 difference between House and Senate funding represents Independent Living Rehabilitation moneys placed in the House HESS budget. The above funding and deletion of intent language were accepted by committee.

POSTSECONDARY COMMISSION - STUDENT LOAN ADMIN., p. 149
