

tionery; and contingent office and field expenses. Provided: That all expenditures made under this Act shall first be authorized by the Board of Administration of the Territory of Alaska and that the Commissioner shall upon assuming the duties of his office outline a proposal for carrying out the provisions of this Act covering a two year period which proposal shall be submitted to the Administrative Board for their consideration and approval.

Section 6 The Commissioner is authorized on behalf of the Territory to negotiate from time to time with the Federal departments and other agencies such arrangements as may be deemed expedient for cooperation with said departments and agencies in formulating and carrying out policies and projects designed to encourage and assist in the development of the mineral resources of the Territory.

Commissioner  
to cooperate  
with federal  
departments  
and other  
agencies.

Section 7. That all Acts and (or) parts of Acts in conflict herewith are hereby repealed.

Repeal.

Section 8. That an emergency is hereby declared to exist and this Act shall take effect from and after its passage and approval.

Emergency.

Approved March 14, 1935.

## CHAPTER 80.

### AN ACT

[H. B. 58]

To encourage and regulate the development and mining of the mineral resources of the Territory of Alaska.

*Be it enacted by the Legislature of the Territory of Alaska:*

Section 1. That the Department of Mines shall, under the management and direction of the Commis-

Department  
of Mines to  
conduct survey  
of mineral  
resources and  
disseminate  
information.

sioner of Mines, conduct a continuing survey of the mineral resources and mining operations of the Territory and shall disseminate information with regard thereto with a view to perpetuate and assist prospectors and miners; safeguard the lives and health of miners; protect investors in the mining industry; and otherwise foster and promote the best interests of the mining, mineral and related industries of the Territory.

Power and duties of Department of Mines.

Section 2. The Department of Mines shall perform all the duties heretofore imposed by Territorial laws upon the offices of Territorial Mine Inspector, Federal Mine Inspector and/or Supervising Mining Engineer of the United States Bureau of Mines and Geological Survey for Alaska, and is hereby authorized, directed and empowered to assume all authority and powers, and is directed to perform all duties and functions heretofore legally possessed and performed by said offices and/or officers.

Commissioner of Mines to make biennial report to Governor.

Section 3. The Commissioner of Mines shall make a biennial report to the Governor on all essential matters connected with the Department, and generally with regard to mining in the Territory, which report shall be laid before the Legislature.

Commissioner to assist miners and prospectors.

Section 4. The Commissioner of Mines and his assistants shall, so far as practicable, throughout the Territory assist miners and prospectors in the following manner, that is to say:

(a). By giving information as to mineral deposits and indications thereof as a result of knowledge gained during the carrying out of the mineral survey of the Territory.

(b). By securing and examining samples and applying such tests as may be feasible upon the ground, or in the office or laboratory, and advising as to the nature of any mineral and as to the best methods of analysis, sampling, assay and test.

(c). By reporting to the Governor the location of such roads, trails and bridges as in his opinion are reasonably necessary to render possible and expedient the development of any mineral resources.

(d). Generally, by giving such advice, information, and directions as may be of assistance to the miners and prospectors of the Territory.

Approved March 14, 1935.
