Section 1. The commissioners of the Department of Public Works and the Department of Highways are authorized to transfer directly to any political subdivision of the state, including any village organized under Federal Act of June 18, 1934 (48 Stat. 984), as amended by the Act of May 1, 1936 (49 Stat. 1250), the title to any automotive and construction equipment which can be utilized in the maintenance or construction of roads and airports. The commissioners shall determine how the equipment is to be allocated in the best interests of the state. The commissioners are authorized to promulgate necessary rules and regulations to implement this Act.

Sec. 2. Any political subdivision receiving title to any automotive and construction equipment is hereby prohibited from selling the same for a period of two years following the date title is transferred.

Sec. 3. This Act takes effect on the day after its passage and approval or on the day it becomes law without such approval.
