

national Airport is the hub of cross-polar traffic of several nations and each year thousands of in-transit international passengers are received there; and

WHEREAS international passengers on aircraft stopping at Anchorage for refueling are restricted to the immediate vicinity of the airport during their stop-over; and

WHEREAS for most of these international travelers the Anchorage stop-over is their only opportunity or occasion to see anything of the United States and to gain some knowledge and impression of it; and

WHEREAS it is the established policy of the United States to promote peace and understanding through a program of information on the nation and its people; and

WHEREAS an opportunity to promote

this policy is to be had at Anchorage by the construction of a federally-sponsored International Visitor Center at the Anchorage International Airport;

BE IT RESOLVED that the members of the Alaska delegation in Congress are respectfully requested to take the appropriate action and make the necessary representations to the Federal Government regarding study and action on the construction of an international Visitors Reception Center at Anchorage International Airport for the comfort and information of international visitors stopping over there in order that, through displays, films, and information pamphlets, and other means, these visitors may learn of the Nation's variations in climate and geography, natural wonders, culture, industry, people, government, and resources.

Passed by the House March 10, 1964.

Passed by the Senate April 11, 1964.

HOUSE JOINT RESOLUTION NO. 53

Relating to the location of the headquarters of the Alaska Communications System.

Be it Resolved by the Legislature of the State of Alaska:

WHEREAS the Alaska Communications System, U.S. Air Force, has provided the Territory and State of Alaska and its people its basic communications service for decades; and

WHEREAS this service is intended to provide military and public communication within Alaska and to link the internal system with the national communication systems; and

WHEREAS the headquarters for this Alaska-based and Alaska-oriented system is located at Seattle, Washington; and

WHEREAS the headquarters of the

Alaska Communication System ought to be in the area in which it is operated and serves;

BE IT RESOLVED that the members of the Alaska delegation in Congress are urged to move for the necessary action to move the headquarters of the Alaska Communications System from Seattle, Washington to Anchorage, Alaska; and be it

FURTHER RESOLVED that copies of this resolution be sent to the Honorable Robert S. McNamara, Secretary of Defense; the Honorable Eugene M. Zuckert, Secretary of the Air Force; Major General James C. Jensen, Commander, Alaskan Air Command; and the members of the Alaska delegation in Congress.

Passed by the House March 16, 1964.

Passed by the Senate March 23, 1964.

HOUSE JOINT RESOLUTION NO. 54

Relating to the construction of a break-water at Hydaburg.

Be it Resolved by the Legislature of the State of Alaska:

WHEREAS the boat mooring facilities at the village of Hydaburg are not protected by a breakwater; and

WHEREAS the safe-moorage problem
