HOUSE CONCURRENT RESOLUTION NO. 144

Relating to the reconstruction of the road between Sand Point and Sand Point Airport.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF ALASKA:

WHEREAS the six-mile road that connects the City of Sand Point with the airport that serves that community is seriously deteriorated; and

WHEREAS during the annual Spring "breakup" period the road becomes impassable even for a four-wheel drive vehicle; and

WHEREAS, when it constructed the harbor at Sand Point, the U. S. Army Corps of Engineers reconstructed two of the six miles of road; and

WHEREAS, as a result of the hazards created by the deteriorated road condition, the damaged thoroughfare is extremely harmful to vehicles and dangerous to individuals driving them, thus creating indirect, but very real, costs;

BE IT RESOLVED by the Alaska State Legislature that it respectfully requests the Governor to direct the Department of Highways to reconstruct the remaining four miles of the road connecting the City of Sand Point with its airport during the 1976 construction season.
