HOUSE CONCURRENT RESOLUTION NO. 93

Requesting the Department of Fish and Game to transplant caribou from Umnak to certain of the Aleutian and Shumagin Island groups.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF ALASKA:

WHEREAS game transplants in Alaska have enjoyed great success biologically, serving to provide vital additions to game populations which contribute to the subsistence way of life in remote areas; and

WHEREAS the Department of Fish and Game has determined that transplanting caribou from Umnak to certain of the Aleutian and Shumagin Island groups is ecologically feasible, but has not initiated the program;

BE IT RESOLVED that the Alaska State Legislature respectfully requests the Governor to direct the Department of Fish and Game to transplant caribou in adequate numbers from Umnak to Unalaska, Akutan, Deer Island, Nagai, Mitrofanian Island and St. George Island at the earliest possible time; and be it

FURTHER RESOLVED that, when necessary, the Department of Fish and Game enter into management agreements with any affected Native regional corporation for the successful accomplishment of the caribou transfer.
