Chapter No.

9

AN ACT

Relating to the full utilization of herring; and providing for an effective date.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

* Section 1. AS 16.10 is amended by adding new sections in Article 3 to read:

Sec. 16.10.172. LEGISLATIVE POLICY ON UTILIZATION OF HERRING. The legislature finds the following: (1) extensive and valuable herring populations are available for harvest in waters subject to the jurisdiction of the state; (2) commercial markets are available for herring processed in several forms; (3) one processing technique presently employed involves deliberately permitting decomposition of the herring carcass to allow for removal and subsequent sale of the roe product, with the consequence that the flesh is unusable and discarded. The legislature declares that the process referred to in (3) of this section is wasteful and does not constitute utilization of this resource for the maximum benefit of the people. Therefore, it is the policy of the legislature that this process should be eliminated to the fullest extent possible.

Sec. 16.10.173. UTILIZATION OF COMMERCIALY TAKEN HERRING. (a) It is unlawful for a person, as defined in AS 01.10.060 and including a joint venture, to waste or to cause to be wasted any commercially taken herring.

(b) As used in this section, "waste" means the failure to use the flesh of commercially taken herring for reduction to meal, production of fish food, human consumption, food for domestic animals, scientific or educational purposes, or round herring bait. Normal, inadvertent loss of flesh associated with the uses described in this subsection which cannot be prevented by practical means does

not constitute waste. The commissioner may authorize other uses of commercially taken herring not inconsistent with the intent of this section and sec. 172 of this chapter at his discretion upon receipt of a request accompanied by a detailed justification.

(c) For purposes of this section, "flesh" means all muscular body tissue surrounding the bony skeleton of the herring.

(d) The Board of Fisheries may adopt regulations under the Administrative Procedure Act (AS 44.62) it considers necessary for implementation of this section. The board may delegate its authority under this section to the commissioner.

(e) The provisions of this section do not apply to herring taken commercially in the Bering Sea (including appurtenant bays, sounds, estuaries, and water of the state) north of 56° North Latitude, until January 1, 1979.

* Sec. 2. This Act takes effect January 1, 1978.
