Senate

Resolve No.

3

A salute to the classy Juneau-Douglas Crimson Bears.

BE IT RESOLVED BY THE SENATE:

Championship basketball is a term naturally associated with the team of Ketchikan High School -- the Kayhi Kings. A fortuitous blending of a wholesome environment, distinguished parentage, the finest in coaching, a combination of physical and mental talent in the players, and an inspired community spirit has time and again brought to the Kayhi Kings and the Ketchikan community the recognition the team and the town so richly deserve. The habit of winning does not blind the wise to the possibility of occasionally losing, and when one loses by a fluke or other mischance one should be gracious to the chance victor. The Kayhi Kings are nothing if not classy.

BE IT RESOLVED by the Alaska State Senate that the Kayhi Kings are commended for the excellence they have brought to interscholastic basketball, the restraint they have exercised in dealing gently with lesser teams, and the generosity they have extended to Juneau this year in allowing the Crimson Bears to carry the Southeastern Basketball Championship banner until next year.
