Senate

Resolve No.

8

Relating to licensing or permit requirements for shelters for victims of domestic or sexual assault.

BE IT RESOLVED BY THE SENATE:

WHEREAS the licensing or permit requirement contained in AS 47.35.020 is intended to protect dependent adults or children who are cared for by other than a parent of the child; and

WHEREAS battered women are not dependent adults as that term is used in AS 47.35.020; and

WHEREAS provision of emergency or short-term lodging, housing or services for victims of domestic or sexual assault would in many instances shelter a parent or both a parent and child; and

WHEREAS this service is not within the intent of AS 47.35.-020;

BE IT RESOLVED by the Alaska State Senate that the Governor is respectfully requested to direct the Department of Health and Social Services to exempt from the license or permit requirement under AS 47.35.020 a program providing emergency or short-term lodging, housing or services for victims of domestic or sexual assault.
