SCR 27 am

Legislative
Resolve No.

13

Requesting the Department of Transportation and Public Facilities to delay by at least 12 months its removal of the design and construction unit from Valdez.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF ALASKA:

WHEREAS the commissioner of transportation and public facilities has decided to remove the design and construction unit of the Department of Transportation and Public Facilities from Valdez, and to transfer its employees at an early date; and

WHEREAS the transfer of these employees and their families would be disruptive to them and to the economy of Valdez; and

WHEREAS removal of the design and construction unit of the Department of Transportation and Public Facilities would take from the southcentral district the on-site responsibility for administration of a number of substantial projects of the department, to the possible detriment of those projects;

BE IT RESOLVED by the Alaska State Legislature that the Governor is respectfully requested to direct the commissioner of transportation and public facilities to delay by at least 12 months the transfer of the employees of the design and construction unit from Valdez in order to provide those employees and their families, and other persons concerned with the proposed removal and transfer, opportunity to comment on the proposed removal and transfer, to suggest alternatives, and to complete plans for any final relocation decision that may be implemented.
