0 ~~the Department of Administration, Office of the Commissioner, to develop~~
1 ~~financing alternatives for Spring Creek Correctional Facility.~~

2 It is the intent of the legislature that the state's correctional
3 system continues to cope with inmate population pressures and that the
4 greatest need is for housing high security, long-term prisoners.
5 General Fund revenue available to the 14th legislature is insufficient
6 to construct the necessary facility by direct appropriation. Partial
7 funding for a long-term facility at Seward has already been
8 appropriated by the 13th legislature. The City of Seward has agreed
9 to use its best efforts to obtain financing to complete the
0 construction of the facility and lease whatever portions are
1 constructed by the city to the state on a long-term lease basis.

2 The legislature understands that in future years it will be asked to
3 appropriate funds for annual lease payments to the City of Seward for
4 portions of the facility and that the future operating budgets of the
5 Department of Corrections may be impacted by those annual rentals.
6 The legislature indicates its present intent to appropriate the lease
7 payments, so long as they do not exceed the amount required to pay the
8 ~~city's annual cost of retiring its indebtedness.~~
