Resolve No.

SCR 5

6

Relating to printing pictures of and information about missing children on milk cartons.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF ALASKA:

WHEREAS thousands of children in the United States are abducted each year; and

WHEREAS a lack of coordination among law enforcement agencies in different jurisdictions has made it difficult to locate missing children taken across state lines; and

WHEREAS milk carton manufacturers have developed a program to print the pictures of missing children and information about them on millions of milk cartons across the country; and

WHEREAS the program provides wide dissemination on a product that has a short shelf life, allowing frequent rotation of pictures and information; and

WHEREAS the program already has been responsible for the return of some missing children;

BE IT RESOLVED by the Alaska State Legislature that milk producers and distributors in the state are respectfully requested to participate fully in the program and encourage others in the dairy industry to participate.
