AN ACT

Relating to the taking of fish and game for subsistence and personal use; and providing for an effective date.

* Section 1. AS 16.05.251(a)(6) is amended to read:

(6) classifying as commercial fish, sport fish, personal use fish, subsistence fish, or predators or other categories essential for regulatory purposes;

* Sec. 2. AS 16.05.251(a) is amended by adding a new paragraph to read:

(12) regulating commercial, sport, subsistence, and personal use fishing as needed for the conservation, development, and utilization of fisheries.

* Sec. 3. AS 16.05.251 is amended by adding new subsections to read:

(d) Regulations adopted under (a) of this section must, consistent with sustained yield and the provisions of AS 16.05.258, provide a fair and reasonable opportunity for the taking of fishery resources by personal use, sport, and commercial fishermen.

(e) The Board of Fisheries shall establish criteria for the allocation of fishery resources among personal use, sport, and commercial fishing. The criteria may, as appropriate to particular allocation decisions, include factors such as

(1) the history of each personal use, sport, and commercial fishery;

(2) the number of residents and nonresidents who have

Chapter 52

1 participated in each fishery in the past and the number of residents
2 and nonresidents who can reasonably be expected to participate in the
3 future;

4 (3) the importance of each fishery for providing residents
5 the opportunity to obtain fish for personal and family consumption;

6 (4) the availability of alternative fisheries resources;

7 (5) the importance of each fishery to the economy of the
8 state;

9 (6) the importance of each fishery to the economy of the
10 region and local area in which the fishery is located;

11 (7) the importance of each fishery in providing recreation-
12 al opportunities for residents and nonresidents.

13 * Sec. 4. AS 16.05.255(a) is amended by adding a new paragraph to read:

14 (10) regulating sport hunting and subsistence hunting as
15 needed for the conservation, development, and utilization of game.

16 * Sec. 5. AS 16.05.255 is amended by adding a new subsection to read:

17 (d) Regulations adopted under (a) of this section shall provide
18 that, consistent with the provisions of AS 16.05.258, the taking of
19 moose, deer, elk, and caribou by residents for personal or family
20 consumption has preference over taking by nonresidents.

21 * Sec. 6. AS 16.05 is amended by adding new sections to read:

22 Sec. 16.05.258. SUBSISTENCE USE AND ALLOCATION OF FISH AND GAME.

23 (a) The Board of Fisheries and the Board of Game shall identify the
24 fish stocks and game populations, or portions of stocks and popu-
25 lations, that are customarily and traditionally used for subsistence
26 in each rural area identified by the boards.

27 (b) The boards shall determine

28 (1) what portion, if any, of the stocks and populations
29 identified under (a) of this section can be harvested consistent with

sustained yield; and

(2) how much of the harvestable portion is needed to provide a reasonable opportunity to satisfy the subsistence uses of those stocks and populations.

(c) The boards shall adopt subsistence fishing and subsistence hunting regulations for each stock and population for which a harvestable portion is determined to exist under (b)(1) of this section. If the harvestable portion is not sufficient to accommodate all consumptive uses of the stock or population, but is sufficient to accommodate subsistence uses of the stock or population, then nonwasteful subsistence uses shall be accorded a preference over other consumptive uses, and the regulations shall provide a reasonable opportunity to satisfy the subsistence uses. If the harvestable portion is sufficient to accommodate the subsistence uses of the stock or population, then the boards may provide for other consumptive uses of the remainder of the harvestable portion. If it is necessary to restrict subsistence fishing or subsistence hunting in order to assure sustained yield or continue subsistence uses, then the preference shall be limited, and the boards shall distinguish among subsistence users, by applying the following criteria:

- (1) customary and direct dependence on the fish stock or game population as the mainstay of livelihood;
- (2) local residency; and
- (3) availability of alternative resources.

(d) The boards may adopt regulations consistent with this section that authorize taking for nonsubsistence uses a stock or population identified under (a) of this section.

(e) Fish stocks and game populations, including bison, or portions of fish stocks and game populations, not identified under (a)

Chapter 52

1 of this section may be taken only under nonsubsistence regulations.

2 (f) Takings authorized under this section are subject to reason-
3 able regulation of seasons, catch or bag limits, and methods and
4 means. Takings and uses of resources authorized under this section
5 are subject to AS 16.05.831 and AS 16.30.

6 * Sec. 7. AS 16.05 is amended by adding a new section to read:

7 Sec. 16.05.261. NO SUBSISTENCE DEFENSE. In a prosecution for
8 the taking of fish or game in violation of a statute or regulation, it
9 is not a defense that the taking was done for subsistence uses.

10 * Sec. 8. AS 16.05.330 is amended by adding a new subsection to read:

11 (c) The Board of Fisheries and the Board of Game may adopt
12 regulations providing for the issuance and expiration of subsistence
13 permits for areas, villages, communities, groups, or individuals as
14 needed for authorizing, regulating and monitoring the subsistence
15 harvest of fish and game. The boards shall adopt these regulations
16 when the subsistence preference requires a reduction in the harvest of
17 a fish stock or game population by nonsubsistence users.

18 * Sec. 9. AS 16.05.940(22) is amended to read:

19 (22) "subsistence fishing" means the taking of, fishing for,
20 or possession of fish, shellfish, or other fisheries resources by a
21 resident domiciled in a rural area of the state for subsistence uses
22 with gill net, seine, fish wheel, long line, or other means defined by
23 the Board of Fisheries;

24 * Sec. 10. AS 16.05.940(23) is amended to read:

25 (23) "subsistence uses" means the noncommercial, customary
26 and traditional uses [IN ALASKA] of wild, renewable resources by a
27 resident domiciled in a rural area of the state for direct personal or
28 family consumption as food, shelter, fuel, clothing, tools, or trans-
29 portation, for the making and selling of handicraft articles out of

1 nonedible by-products of fish and wildlife resources taken for per-
2 sonal or family consumption, and for the customary trade, barter, or
3 sharing for personal or family consumption; in [FOR THE PURPOSES OF]
4 this paragraph, "family" means [ALL] persons related by blood, mar-
5 riage, or adoption, and a [ANY] person living in [WITHIN] the house-
6 hold on a permanent basis;

8 (28) "domicile" means the true and permanent home of a
9 person from which the person has no present intention of moving and to
10 which the person intends to return whenever the person is away; domi-
11 cile may be proved by presenting evidence acceptable to the boards of
12 fisheries and game;

13 (29) "fish stock" means a species, subspecies, geographic
14 grouping or other category of fish manageable as a unit;

15 (30) "game population" means a group of game animals of a
16 single species or subgroup manageable as a unit;

18 or possession of finfish, shellfish, or other fishery resources, by
19 Alaska residents for personal use and not for sale or barter, with
20 gill or dip net, seine, fish wheel, long line, or other means defined
21 by the Board of Fisheries;

22 (32) "rural area" means a community or area of the state in

27 or possession of game by a resident domiciled in a rural area of the
