Chapter No.

174

AN ACT

Authorizing loans for solid waste management projects from the clean water fund.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

THE ACT FOLLOWS ON PAGE 1, LINE 9

UNDERLINED MATERIAL INDICATES TEXT THAT IS BEING ADDED TO THE LAW AND BRACKETED MATERIAL IN CAPITAL LETTERS INDICATES DELETIONS FROM THE LAW; COMPLETELY NEW TEXT OR MATERIAL REPEALED AND RE-ENACTED IS IDENTIFIED IN THE INTRODUCTORY LINE OF EACH BILL SECTION.

Approved by the Governor: June 21, 1990
Actual Effective Date: September 19, 1990

AN ACT

Authorizing loans for solid waste management projects
from the clean water fund.

* Section 1. AS 46.03.032(d) is amended to read:

(d) Except as otherwise limited by federal law, the Alaska clean water fund may be used for [THE FOLLOWING:]

(1) buying or refinancing treatment works and solid waste management debt obligations of municipalities;

(2) planning, designing, building, constructing, and rehabilitating facilities associated with solid waste management and public sewage collection, treatment, and discharge facilities;

(3) constructing, equipping, modifying, improving, and expanding solid waste management and public water supply, treatment, and distribution systems;

(4) guaranteeing or purchasing insurance for public agency obligations related to solid waste management and treatment works construction.

* Sec. 2. AS 46.03.032(j) is amended to read:

(j) A loan made by the department must be made according to the standards, criteria, and procedures established by regulations under this section. In making a loan from the Alaska clean water fund for a solid waste management facility, the department shall give priority to a project that will alleviate severe health or environmental concerns in the community or region proposing the facility. In addition, the

Chapter 174

1 department may consider

2 (1) the extent of local or regional support for the pro-
3 posed facility; and

4 (2) the extent to which the applicant can demonstrate that
5 the full range of solid waste management options has been reasonably
6 considered and that the proposed facility is consistent with the
7 promotion of the solid and hazardous waste management practices in the
8 following order of priority:

9 (A) waste source reduction;

10 (B) recycling of waste;

11 (C) waste treatment; and

12 (D) waste disposal.

13 * Sec. 3. AS 46.03.032 is amended by adding a new subsection to read:

14 (o) In this section, "solid waste management facility" includes
15 capital improvements and equipment used for the purpose of solid and
16 hazardous waste source reduction, recycling, treatment, or disposal.
