Resolve No.

14

Establishing a Senate Special Committee on Health Care Facilities Assessment.

BE IT RESOLVED BY THE SENATE:

WHEREAS there are many persons in the state who have unmet needs for adequate health care facilities; and

WHEREAS there has not been a comprehensive study of the extent of the need for new or improved health care facilities in the state since 1982; and

WHEREAS a comprehensive assessment of the condition of existing facilities and the question of whether more facilities are needed is necessary to most effectively plan on how to meet the future health care needs of persons in the state;

BE IT RESOLVED by the Senate that a Special Committee on Health Care Facilities Assessment is established to study issues relating to health care facilities in the state, including methods of financing their construction or improvement, and it shall submit a report to the legislature on those subjects before the convening of the Seventeenth Alaska State Legislature; and be it

FURTHER RESOLVED that the President of the Senate shall determine the number of senators that should comprise the committee, appoint the members, and designate a member to chair the committee; and be it

FURTHER RESOLVED that the Senate Special Committee on Health Care Facilities Assessment may meet during the interim between the Second Regular Session of the Sixteenth Alaska State Legislature and the First Regular Session of the Seventeenth Alaska State Legislature and is terminated on the convening of the First Regular Session of the Seventeenth Alaska State Legislature.
