AN ACT

Allowing municipal property tax exemptions for certain improvements to real property.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

* Section 1. AS 29.53.025 is amended by adding new subsections to read:

(f) A municipality may by ordinance exempt from taxation all or any part of the increase in assessed value of improvements to real property if an increase in assessed value is directly attributable to alteration of the natural features of the land or new maintenance, repair or renovation of an existing structure and if the alteration, maintenance, repair or renovation, when completed, enhances the exterior appearance or aesthetic quality of the land or structure. No exemption may be allowed under this subsection for the construction of an improvement to a structure if the principal purpose of the improvement is to increase the amount of space for occupancy or nonresidential use within the structure or for the alteration of land as a consequence of construction activity. An exemption provided in this subsection may continue for up to four years from the date the improvement is completed or from the date of approval for the exemption by the local assessor, whichever is later.

(g) A municipality may by ordinance exempt from taxation all or any part of the increase in assessed value of improvements to a single family dwelling if the principal purpose of the improvement is to increase the amount of space for occupancy. An exemption provided in this subsection may continue for up to two years from the date the improvement is completed or from the date of approval of an application for the exemption by the local assessor, whichever is later.
