11 * **Section 1.** AS 21.03.021 is amended by adding a new subsection to read:

1 (f) If an insurer is not required to obtain a certificate of authority in this state
2 under AS 21.09.020(5), the provisions of this title do not apply to policies or contracts
3 issued by the insurer.

4 * **Sec. 2.** AS 21.07.010 is amended to read:

5 **Sec. 21.07.010. Patient and health care provider protection.** (a) A contract
6 between a participating health care provider and a **health care insurer** [MANAGED
7 CARE ENTITY THAT OFFERS A MANAGED CARE PLAN] must contain a
8 provision that

9 (1) provides for a reasonable mechanism to identify all medical care
10 services to be provided by the **health care insurer** [MANAGED CARE ENTITY];

11 (2) clearly states or references an attachment that states the health care
12 provider's rate of compensation;

13 (3) clearly states all ways in which the contract between the health care
14 provider and **health care insurer** [MANAGED CARE ENTITY] may be terminated;
15 a provision that provides for discretionary termination by either party must apply
16 equitably to both parties;

17 (4) provides that, in the event of a dispute between the parties to the
18 contract, a fair, prompt, and mutual dispute resolution process must be used; at a
19 minimum, the process must provide

20 (A) for an initial meeting at which all parties are present or
21 represented by individuals with authority regarding the matters in dispute; the
22 meeting shall be held within 10 working days after the **health care insurer**
23 [PLAN] receives written notice of the dispute or gives written notice to the
24 provider, unless the parties otherwise agree in writing to a different schedule;

25 (B) that if, within 30 days following the initial meeting, the
26 parties have not resolved the dispute, the dispute shall be submitted to
27 mediation directed by a mediator who is mutually agreeable to the parties and
28 who is not regularly under contract to or employed by either of the parties;
29 each party shall bear its proportionate share of the cost of mediation, including
30 the mediator fees;

31 (C) that if, after a period of 60 days following commencement

1 of mediation, the parties are unable to resolve the dispute, either party may
2 seek other relief allowed by law;

3 (D) that the parties shall agree to negotiate in good faith in the
4 initial meeting and in mediation;

5 (5) states that a health care provider may not be penalized or the health
6 care provider's contract terminated by the **health care insurer** [MANAGED CARE
7 ENTITY] because the health care provider acts as an advocate for a covered person in
8 seeking appropriate, medically necessary medical care services;

9 (6) protects the ability of a health care provider to communicate openly
10 with a covered person about all appropriate diagnostic testing and treatment options;
11 and

12 (7) defines words in a clear and concise manner.

13 (b) A contract between a participating health care provider and a **health care**
14 **insurer** [MANAGED CARE ENTITY] that offers a **health care insurance policy**
15 [MANAGED CARE PLAN] may not contain a provision that

16 (1) has as its predominant purpose the creation of direct financial
17 incentives to the health care provider for withholding covered medical care services
18 that are medically necessary; nothing in this paragraph shall be construed to prohibit a
19 contract between a participating health care provider and a **health care insurer**
20 [MANAGED CARE ENTITY] from containing incentives for efficient management
21 of the utilization and cost of covered medical care services;

22 (2) requires the provider to contract for all products that are currently
23 offered or that may be offered in the future by the **health care insurer** [MANAGED
24 CARE ENTITY]; or

25 (3) requires the health care provider to be compensated for medical
26 care services performed at the same rate as the health care provider has contracted
27 with another **health care insurer** [MANAGED CARE ENTITY].

28 (c) A **health care insurer** [MANAGED CARE ENTITY] may not enter into a
29 contract with a health care provider that requires the provider to indemnify or hold
30 harmless the **health care insurer** [MANAGED CARE ENTITY] for the acts or
31 conduct of the **health care insurer** [MANAGED CARE ENTITY]. An

1 indemnification or hold harmless clause entered into in violation of this subsection is
2 void.

3 * **Sec. 3.** AS 21.07.020 is amended to read:

4 **Sec. 21.07.020. Required contract provisions for health care insurance**
5 **policy [MANAGED CARE PLANS]. A health care insurance policy [MANAGED**
6 **CARE PLAN] must contain**

7 (1) a provision that preauthorization for a covered medical procedure
8 on the basis of medical necessity may not be retroactively denied unless the
9 preauthorization is based on materially incomplete or inaccurate information provided
10 by or on behalf of the provider;

11 (2) a provision for emergency room services if any coverage is
12 provided for treatment of a medical emergency;

13 (3) a provision that covered medical care services be reasonably
14 available in the community in which a covered person resides or that, if referrals are
15 required by the **policy** [PLAN], adequate referrals outside the community be available
16 if the medical care service is not available in the community;

17 (4) a provision that any utilization review decision

18 (A) must be made within 72 hours after receiving the request
19 for preapproval for nonemergency situations; for emergency situations,
20 utilization review decisions for care following emergency services must be
21 made as soon as is practicable but in any event not later than 24 hours after
22 receiving the request for preapproval or for coverage determination; and

23 (B) to deny, reduce, or terminate a health care benefit or to
24 deny payment for a medical care service because that service is not medically
25 necessary shall be made by an employee or agent of the **health care insurer**
26 [MANAGED CARE ENTITY] who is a licensed health care provider;

27 (5) a provision that provides for an internal appeal mechanism for a
28 covered person who disagrees with a utilization review decision made by a **health**
29 **care insurer** [MANAGED CARE ENTITY]; except as provided under (6) of this
30 section, this appeal mechanism must provide for a written decision

31 (A) from the **health care insurer** [MANAGED CARE

1 ENTITY] within 18 working days after the date written notice of an appeal is
2 received; and

3 (B) on the appeal by an employee or agent of the **health care**
4 **insurer** [MANAGED CARE ENTITY] who holds the same professional
5 license as the health care provider who is treating the covered person;

6 (6) a provision that provides for an internal appeal mechanism for a
7 covered person who disagrees with a utilization review decision made by a **health**
8 **care insurer** [MANAGED CARE ENTITY] in any case in which delay would, in the
9 written opinion of the treating provider, jeopardize the covered person's life or
10 materially jeopardize the covered person's health; the **health care insurer**
11 [MANAGED CARE ENTITY] shall

12 (A) decide an appeal described in this paragraph within 72
13 hours after receiving the appeal; and

14 (B) provide for a written decision on the appeal by an
15 employee or agent of the **health care insurer** [MANAGED CARE ENTITY]
16 who holds the same professional license as the health care provider who is
17 treating the covered person;

18 (7) a provision that discloses the existence of the right to an external
19 appeal of a utilization review decision made by a **health care insurer** [MANAGED
20 CARE ENTITY]; the external appeal shall be [AS] conducted in accordance with AS
21 21.07.050;

22 (8) a provision that discloses covered benefits, optional supplemental
23 benefits, and benefits relating to and restrictions on nonparticipating provider services;

24 (9) a provision that describes the preapproval requirements and
25 whether clinical trials or experimental or investigational treatment are covered;

26 (10) a provision describing a mechanism for assignment of benefits for
27 health care providers and payment of benefits;

28 (11) a provision describing availability of prescription medications or a
29 formulary guide, and whether medications not listed are excluded; if a formulary guide
30 is made available, the guide must be updated annually; and

31 (12) a provision describing available translation or interpreter services,

1 including audiotape or braille information.

2 * **Sec. 4.** AS 21.07.030(a) is amended to read:

3 (a) If a **health care insurer** [MANAGED CARE ENTITY] offers a **health**
4 **care insurance policy** [MANAGED CARE PLAN] that provides for coverage of
5 medical care services only if the services are furnished through a network of health
6 care providers that have entered into a contract with the **health care insurer**
7 [MANAGED CARE ENTITY], the **health care insurer** [MANAGED CARE
8 ENTITY] shall also offer a non-network option to covered persons at initial
9 enrollment, as provided under (c) of this section. The non-network option may require
10 that a covered person pay a higher deductible, copayment, or premium for the plan if
11 the higher deductible, copayment, or premium results from increased costs caused by
12 the use of a non-network provider. [THE MANAGED CARE ENTITY SHALL
13 PROVIDE AN ACTUARIAL DEMONSTRATION OF THE INCREASED COSTS
14 TO THE DIRECTOR AT THE DIRECTOR'S REQUEST. IF THE INCREASED
15 COSTS ARE NOT JUSTIFIED, THE DIRECTOR SHALL REQUIRE THE
16 MANAGED CARE ENTITY TO RECALCULATE THE APPROPRIATE COSTS
17 ALLOWED AND RESUBMIT THE APPROPRIATE DEDUCTIBLE,
18 COPAYMENT, OR PREMIUM TO THE DIRECTOR.] This subsection does not
19 apply to a covered person who is offered non-network coverage through another
20 **health care insurance policy** [MANAGED CARE PLAN] or through another **health**
21 **care insurer** [MANAGED CARE ENTITY].

22 * **Sec. 5.** AS 21.07.030(b) is amended to read:

23 (b) The amount of any additional premium charged by the **health care**
24 **insurer** [MANAGED CARE ENTITY] for the additional cost of the creation and
25 maintenance of the option described in (a) of this section and the amount of any
26 additional cost sharing imposed under this option shall be paid by the covered person
27 unless it is paid by an employer or other person through agreement with the **health**
28 **care insurer** [MANAGED CARE ENTITY].

29 * **Sec. 6.** AS 21.07.030(c) is amended to read:

30 (c) A covered person may make a change to the medical care coverage option
31 provided under this section only during a time period determined by the **health care**

1 **insurer** [MANAGED CARE ENTITY]. The time period described in this subsection
2 must occur at least annually and last for at least 15 working days.

3 * **Sec. 7.** AS 21.07.030(d) is amended to read:

4 (d) If a **health care insurer** [MANAGED CARE ENTITY] that offers a
5 **health care insurance policy** [MANAGED CARE PLAN] requires or provides for a
6 designation by a covered person of a participating primary care provider, the **health**
7 **care insurer** [MANAGED CARE ENTITY] shall permit the covered person to
8 designate any participating primary care provider that is available to accept the
9 covered person.

10 * **Sec. 8.** AS 21.07.030(e) is amended to read:

11 (e) Except as provided in this subsection, a **health care insurer** [MANAGED
12 CARE ENTITY] that offers a **health care insurance policy** [MANAGED CARE
13 PLAN] shall permit a covered person to receive medically necessary or appropriate
14 specialty care, subject to appropriate referral procedures, from any qualified
15 participating health care provider that is available to accept the individual for medical
16 care. This subsection does not apply to specialty care if the **health care insurer**
17 [MANAGED CARE ENTITY] clearly informs covered persons of the limitations on
18 choice of participating health care providers with respect to medical care. In this
19 subsection,

20 (1) "appropriate referral procedures" means procedures for referring
21 patients to other health care providers as set out in the applicable member **policy**
22 [CONTRACT] and as described under (a) of this section;

23 (2) "specialty care" means care provided by a health care provider with
24 training and experience in treating a particular injury, illness, or condition.

25 * **Sec. 9.** AS 21.07.030(f) is amended to read:

26 (f) If a contract between a health care provider and a **health care insurer**
27 [MANAGED CARE ENTITY] is terminated, a covered person may continue to be
28 treated by that health care provider as provided in this subsection. If a covered person
29 is pregnant or being actively treated by a provider on the date of the termination of the
30 contract between that provider and the **health care insurer** [MANAGED CARE
31 ENTITY], the covered person may continue to receive medical care services from that

1 provider as provided in this subsection, and the contract between the **health care**
2 **insurer** [MANAGED CARE ENTITY] and the provider shall remain in force with
3 respect to the continuing treatment. The covered person shall be treated for the
4 purposes of benefit determination or claim payment as if the provider were still under
5 contract with the **health care insurer** [MANAGED CARE ENTITY]. However,
6 treatment is required to continue only while the **health care insurance policy**
7 [MANAGED CARE PLAN] remains in effect and

8 (1) for the period that is the longest of the following:

9 (A) the end of the current **policy or** plan year;

10 (B) up to 90 days after the termination date, if the event
11 triggering the right to continuing treatment is part of an ongoing course of
12 treatment;

13 (C) through completion of postpartum care, if the covered
14 person is pregnant on the date of termination; or

15 (2) until the end of the medically necessary treatment for the condition,
16 disease, illness, or injury if the person has a terminal condition, disease, illness, or
17 injury; in this paragraph, "terminal" means a life expectancy of less than one year.

18 * **Sec. 10.** AS 21.07.050(a) is amended to read:

19 (a) A **health care insurer** [MANAGED CARE ENTITY] offering a **health**
20 **care insurance policy** [MANAGED CARE PLAN] shall provide for an external
21 appeal process that meets the requirements of this section in the case of an externally
22 appealable decision for which a timely appeal is made in writing either by the **health**
23 **care insurer** [MANAGED CARE ENTITY] or by the covered person.

24 * **Sec. 11.** AS 21.07.050(b) is amended to read:

25 (b) A **health care insurer** [MANAGED CARE ENTITY] may condition the
26 use of an external appeal process in the case of an externally appealable decision upon
27 a final decision in an internal appeal under AS 21.07.020, but only if the decision is
28 made in a timely basis consistent with the deadlines provided under this chapter.

29 * **Sec. 12.** AS 21.07.050(c) is amended to read:

30 (c) Except as provided in this subsection, the external appeal process shall be
31 conducted under a contract between the **health care insurer** [MANAGED CARE

1 ENTITY] and one or more external appeal agencies that **are** [HAVE] qualified under
2 AS 21.07.060. The **health care insurer** [MANAGED CARE ENTITY] shall provide

3 (1) that the selection process among external appeal agencies
4 qualifying under AS 21.07.060 does not create any incentives for external appeal
5 agencies to make a decision in a biased manner;

6 (2) for auditing a sample of decisions by external appeal agencies to
7 ensure that decisions are not made in a biased manner; and

8 (3) that all costs of the process, except those incurred by the covered
9 person or treating professional in support of the appeal, shall be paid by the **health**
10 **care insurer** [MANAGED CARE ENTITY] and not by the covered person.

11 * **Sec. 13.** AS 21.07.050(d) is amended to read:

12 (d) An external appeal process must include at least the following:

13 (1) a fair, de novo determination based on coverage provided by the
14 **policy** [PLAN] and by applying terms as defined by the **policy** [PLAN]; however,
15 nothing in this paragraph may be construed as providing for coverage of items and
16 services for which benefits are excluded under the **policy** [PLAN] or coverage;

17 (2) an external appeal agency shall determine whether the **health care**
18 **insurer's** [MANAGED CARE ENTITY'S] decision is

19 (A) in accordance with the medical needs of the patient
20 involved, as determined by the **health care insurer** [MANAGED CARE
21 ENTITY], taking into account, as of the time of the **health care insurer's**
22 [MANAGED CARE ENTITY'S] decision, the patient's medical needs and any
23 relevant and reliable evidence the agency obtains under (3) of this subsection;
24 [.] and

25 (B) in accordance with the scope of the covered benefits under
26 the **policy** [PLAN]; if the agency determines the decision complies with this
27 paragraph, the agency shall affirm the decision, and, to the extent that the
28 agency determines the decision is not in accordance with this paragraph, the
29 agency shall reverse or modify the decision;

30 (3) the external appeal agency shall include among the evidence taken
31 into consideration

1 (A) the decision made by the health care insurer

3 any guidelines or standards used by the health care insurer [MANAGED
4 CARE ENTITY] in reaching a decision;

5 (B) any personal health and medical information supplied with
6 respect to the individual whose denial of claim for benefits has been appealed;

7 (C) the opinion of the individual's treating physician or health
8 care provider; and

9 (D) the health care insurance policy [MANAGED CARE
10 PLAN];

11 (4) the external appeal agency may also take into consideration the
12 following evidence:

13 (A) the results of studies that meet professionally recognized
14 standards of validity and replicability or that have been published in peer-
15 reviewed journals;

16 (B) the results of professional consensus conferences
17 conducted or financed in whole or in part by one or more government
18 agencies;

19 (C) practice and treatment guidelines prepared or financed in
20 whole or in part by government agencies;

21 (D) government-issued coverage and treatment policies;

22 (E) generally accepted principles of professional medical
23 practice;

24 (F) to the extent that the agency determines them [IT] to be
25 free of any conflict of interest, the opinions of individuals who are qualified as
26 experts in one or more fields of health care that are directly related to the
27 matters under appeal;

28 (G) to the extent that the agency determines them [IT] to be
29 free of any conflict of interest, the results of peer reviews conducted by the
30 health care insurer [MANAGED CARE ENTITY] involved;

31 (H) the community standard of care; and

- 1 (I) anomalous utilization patterns;
- 2 (5) an external appeal agency shall determine
- 3 (A) whether a denial of a claim for benefits is an externally
- 4 appealable decision;
- 5 (B) whether an externally appealable decision involves an
- 6 expedited appeal; and
- 7 (C) for purposes of initiating an external review, whether the
- 8 internal appeal process has been completed;
- 9 (6) a party to an externally appealable decision may submit evidence
- 10 related to the issues in dispute;
- 11 (7) the **health care insurer** [MANAGED CARE ENTITY] involved
- 12 shall provide the external appeal agency with access to information and to provisions
- 13 of the **policy** [PLAN OR HEALTH INSURANCE COVERAGE] relating to the
- 14 matter of the externally appealable decision, as determined by the external appeal
- 15 agency; and
- 16 (8) a determination by the external appeal agency on the decision must
- 17 (A) be made orally or in writing and, if it is made orally, shall
- 18 be supplied to the parties in writing as soon as possible;
- 19 (B) be made in accordance with the medical exigencies of the
- 20 case involved, but in no event later than 21 working days after the appeal is
- 21 filed, or, in the case of an expedited appeal, 72 hours after the time of
- 22 requesting an external appeal of the **health care insurer's** [MANAGED
- 23 CARE ENTITY'S] decision;
- 24 (C) state, in layperson's language, the basis for the
- 25 determination, including, if relevant, any basis in the terms or conditions of the
- 26 **policy** [PLAN OR COVERAGE]; and
- 27 (D) inform the covered person of the individual's rights,
- 28 including any time limits, to seek further review by the courts of the external
- 29 appeal determination.

30 * **Sec. 14.** AS 21.07.050(e) is amended to read:

- 31 (e) If the external appeal agency reverses or modifies the denial of a claim for

1 benefits, the **health care insurer** [MANAGED CARE ENTITY] shall

2 (1) upon receipt of the determination, authorize benefits in accordance
3 with that determination;

4 (2) take action as may be necessary to provide benefits, including

12 part on a decision that the item or service is not medically necessary or
13 appropriate or is investigational or experimental, or in which the decision as to
14 whether a benefit is covered involves a medical judgment; or

15 (B) a denial that is based on a failure to meet an applicable
16 deadline for internal appeal under AS 21.07.020;

17 (2) does not include a decision based on specific exclusions or express
18 limitations on the amount, duration, or scope of coverage that do not involve medical
19 judgment, or a decision regarding whether an individual is a participant, beneficiary,
20 or other covered person under the **policy** [PLAN OR COVERAGE].

21 * **Sec. 16.** AS 21.07.060 is amended to read:

22 **Sec. 21.07.060. Qualifications of external appeal agencies.** (a) An external
23 appeal agency qualifies to consider external appeals if, with respect to a **health care**
24 **insurance policy** [MANAGED CARE PLAN], the agency is certified by a qualified

26 operating in this state as meeting the requirements imposed under (b) of this section.

27 (b) An external appeal agency is qualified to consider appeals of **health care**

9 or who furnishes professional services to the agency, may not be held by reason of the
10 performance of any duty, function, or activity required or authorized under this
11 chapter to have violated any criminal law, or to be civilly liable if due care was
12 exercised in the performance of the duty, function, or activity and there was no actual
13 malice or gross misconduct in the performance of the duty, function, or activity.

14 * **Sec. 18.** AS 21.07.080 is amended to read:

16 construed to

17 (1) restrict or limit the right of a **health care insurer** [MANAGED
18 CARE ENTITY] to include services provided by a religious nonmedical provider as
19 medical care services covered by the **health care insurance policy** [MANAGED
20 CARE PLAN];

21 (2) require a **health care insurer** [MANAGED CARE ENTITY],

12 (1) a late payment fee of \$1,000 or 10 percent of the tax due,
13 whichever is greater;

14 (2) interest at the rate of one percent a month or part of a month from

22 the insurance other than wet marine and transportation insurance, less any return
23 premiums. For wet marine and transportation insurance, if the insured's home state is
24 this state, the insured shall pay to the director a tax of three-fourths of one percent of
25 the gross premiums paid for the wet marine and transportation insurance. If the
26 insurance covers properties, risks, or exposures located or to be performed both in and
27 out of this state, the tax payable shall be computed based on an amount equal to that
28 portion of the gross premiums allocated under (d) of this section to this state, plus an
29 amount equal to the portion of the premiums allocated under (d) of this section to
30 other properties, risks, or exposures located or to be performed outside of this state. In
31 the event of cancellation and rewriting of the insurance contract, the additional

1 premium for tax purposes is the premium in excess of the unearned premium of the
2 cancelled insurance contract. In this subsection, "premium" includes all premiums,
3 membership fees, assessments, dues, and any other consideration for insurance.

16 disbursing to the other state any premium tax collected under this chapter and payable
17 to the other state and for receiving from the other state premium tax it has collected
18 and is owed to this state. To the extent that another state where a portion of the

7 based on factors including quality of management, capital and surplus of any parent
8 company, company underwriting profit and investment income trends, market
9 availability, and company record and reputation within the industry. The director may
10 not make an affirmative finding of acceptability when the nonadmitted insurer's
11 capital and surplus is less than \$4,500,000.

12 (g) The director may participate in interstate agreements formed for the
13 purpose of developing additional and alternative nationwide uniform eligibility
14 requirements that are applicable to nonadmitted insurers domiciled in another state or
15 territory of the United States.

16 * **Sec. 54.** AS 21.34.080(a) is amended to read:

17 (a) A surplus lines broker shall execute and file with the [MONTHLY] report
18 required by AS 21.34.170 a written report, which shall be kept confidential, regarding
19 each surplus lines insurance transaction occurring in the preceding **period**
20 [CALENDAR MONTH]. The report must include

21 (1) the name and address of the insured;

22 (2) the identity of each insurer including the National Association of
23 Insurance Commissioners company number and the percentage of coverage provided
24 by each;

25 (3) a complete description of the subject and location of the risk;

26 (4) the amount of gross premium written for the insurance; and

27 (5) other information required by the director.

28 * **Sec. 55.** AS 21.34.170(a) is amended to read:

29 (a) A surplus lines broker shall file with the director [ON OR BEFORE THE
30 END OF EACH MONTH], on forms prescribed by the director, a report of all surplus
31 lines insurance, by type of insurance as required to be reported in the annual statement

1 that must be filed with the director by admitted insurers. The report must include all
2 surplus lines insurance transactions during the preceding **period** [CALENDAR
3 MONTH] showing the aggregate gross premiums written, the aggregate return
4 premiums, the amount of aggregate tax remitted to this state, and the amount of
5 aggregate tax remitted to each other state for which an allocation is made under AS
6 21.34.180. **The forms shall be filed quarterly on March 1, June 1, September 1,
7 and December 1 of each year.**

8 * **Sec. 56.** AS 21.34.180 is repealed and reenacted to read:

9 **Sec. 21.34.180. Surplus lines tax.** (a) In addition to collecting the full amount
10 of gross premiums written by an insurer for surplus lines insurance, the surplus lines
11 broker shall collect and pay to the director a tax of 2.7 percent on the net premium,
12 which is the total gross premiums written, less any return premiums, for the insurance.
13 Where the insurance covers properties, risks, or exposures located or to be performed
14 both in and out of this state, the tax payable shall be computed based on an amount
15 equal to 2.7 percent on that portion of the net premiums allocated under (f) of this
16 section to this state, plus an amount equal to the portion of the premiums allocated
17 under (f) of this section to other states or territories based on the tax rates and fees
18 applicable to other properties, risks, or exposures located or to be performed outside of
19 this state.

20 (b) The surplus lines broker may not absorb the tax or any part of it and may
21 not rebate, for any reason, any part of the tax.

22 (c) If, under AS 21.09.210, an admitted insurer is required to collect and pay
23 premium tax on a portion of a subscription policy, the surplus lines broker is not
24 required to collect any amount that would constitute double taxation of that portion of
25 the insurance.

26 (d) The director may participate in an agreement with another state formed for
27 the purpose of collecting and disbursing to a remitting state any funds collected under
28 (a) of this section applicable to other properties, risks, or exposures located or to be
29 performed outside of this state. To the extent that another state where a portion of the
30 properties, risks, or exposures resides has failed to enter into an agreement with this
31 state, the director shall retain all of the net premium tax collected by this state.

1 (e) At the time of filing the quarterly report as set out in AS 21.34.170, each
2 surplus lines broker shall pay the premium tax due for transactions occurring during
3 the period covered by the report. The tax must be paid by electronic or other means as
4 specified by the director.

5 (f) In determining the amount of premiums taxable in this state, all premiums
6 written, procured, or received in this state shall be considered written on properties,
7 risks, or exposures located or to be performed in this state except premiums that are
8 properly allocated or apportioned and reported as taxable premiums of a remitting
9 state. Allocation of the amount of premiums taxable for surplus lines insurance
10 covering properties, risks, or exposures only partially located or to be performed in
11 this state shall be determined by reference to an allocation schedule established by
12 regulation adopted by the director subject to the following:

13 (1) if a policy covers more than one classification, the following apply:

14 (A) for any portion of the coverage identified by a
15 classification on the allocation schedule, the tax shall be computed by using the
16 allocation schedule for the corresponding portion of the premium;

17 (B) for any portion of the coverage not identified by a
18 classification on the allocation schedule, the tax shall be computed by using an
19 alternative equitable method of allocation for the property or risk;

20 (C) for any portion of the coverage where the premium is
21 indivisible, the tax shall be computed by using the method of allocation that
22 pertains to the classification describing the predominant coverage;

23 (2) if the information provided by the surplus lines broker is
24 insufficient to substantiate the method of allocation used by the surplus lines broker,
25 or if the director determines that the broker's method is incorrect, the director shall
26 determine the equitable and appropriate amount of tax due to this state as follows:

27 (A) by use of the allocation schedule if the risk is appropriately
28 identified in the schedule;

29 (B) if the allocation schedule does not identify a classification
30 appropriate to the coverage, the director may give significant weight to
31 documented evidence of the underwriting bases and other rating criteria used

1 by the insurer; the director may also consider other available information to the
2 extent sufficient and relevant, including the percentage of the insured's
3 physical assets in this state, the percentage of the insured's sales in this state,
4 the percentage of income or resources derived from this state, and the amount
5 of premium tax paid to another jurisdiction for the policy.

6 (g) If the amount of tax due under (a) of this section is less than \$50 in any
7 jurisdiction, the tax must be paid in the jurisdiction in which the reports and summary
8 of exported business are filed.

9 (h) The director shall, at least annually, furnish to the commissioner of a
10 remitting state a copy of all filings reporting an allocation of taxes required by this
11 section.

12 (i) This section does not apply to insurance of risks of state government or its
13 political subdivisions, to an agency of state government or its political subdivisions, or
14 to insurance of aircraft primarily engaged in interstate or foreign commerce.

15 (j) A surplus lines broker shall pay to the division a late payment fee of \$50 a
16 month plus five percent of the tax due each calendar month or part of a month during
17 which the broker fails to pay the full amount of the tax or a portion of the tax and
18 interest at the rate of one percent of the tax due each calendar month or part of a
19 month for the period the broker fails to pay the tax. The late payment fee, not
20 including interest, may not exceed \$250 plus 25 percent of the tax due. The tax
21 payment shall be made in the form required by the director, or a penalty shall be added
22 to the tax equal to 25 percent of the tax due, not to exceed \$2,000, with a minimum
23 penalty of \$100. In addition to any other penalty provided by law, if the provisions of
24 this section are wilfully violated, a civil penalty may be assessed of not more than
25 \$10,000. The director may suspend or revoke the license of a broker that fails to pay
26 its taxes, a penalty, or a late payment fee required under this section.

27 * **Sec. 57.** AS 21.34.190(a) is amended to read:

29 is an amount equal to one percent on gross premium charged less any return premiums
30 as reported on the statement. The surplus lines broker shall pay the fee at the time of
31 filing of the statement.

9 or fraternal benefit society's established underwriting standards. Unless otherwise
10 provided in the policy [OR CERTIFICATE], a preexisting condition, regardless of
11 whether it is disclosed on the application, need not be covered until the waiting period
12 described in (b) of this section expires. A long-term care insurance policy [OR

2 (b) A long-term care insurance policy containing a postconfinement,
3 postacute care, or recuperative benefit must clearly label the limitations or
4 conditions, including any required number of days of confinement, "Limitations
5 or Conditions on Eligibility for Benefits" [MAY CONTAIN A LIMITATION OR
6 CONDITION ON ELIGIBILITY FOR BENEFITS, NOT PROHIBITED IN (a) OF
7 THIS SECTION, IF THE LIMITATION OR CONDITION IS CLEARLY SET OUT]
8 in a separate paragraph of the policy [OR CERTIFICATE].

9 * **Sec. 68.** AS 21.53.050(a) is amended to read:

10 (a) A long-term care insurance applicant may return a policy within 30 days
11 after delivery and have the premium refunded if, after examination of the policy, the
12 applicant is not satisfied with the policy. A long-term care insurance policy must have
13 a notice prominently printed on the first page of the policy or separately attached
14 stating that the applicant has the right to return the policy within 30 days of its
15 delivery and to have the premium refunded if, after examination of the policy, the
16 applicant is not satisfied with the policy for any reason. This subsection also applies
17 to application denials, and any refund must be made within 30 days after return
18 or denial.

19 * **Sec. 69.** AS 21.53.050(b) is amended to read:

20 (b) An insurer, hospital or medical service corporation, or [A] fraternal benefit
21 society shall deliver an outline of coverage to a prospective applicant for long-term
22 care insurance at the time of initial solicitation by a means that prominently directs the
23 attention of the recipient to the document and its purpose. In the case of agent
24 solicitations, an agent shall deliver the outline of coverage before the presentation of
25 an application or enrollment form. In the case of direct response solicitations, the
26 outline of coverage must be presented in conjunction with an application or enrollment
27 form. The outline of coverage must include

28 (1) a description of the principal benefits and coverage provided in the
29 policy;

30 (2) a statement of the principal exclusions, reductions, and limitations
31 contained in the policy;

1 (3) a statement of the terms under which the policy [OR
2 CERTIFICATE, OR BOTH,] may be continued in force or discontinued, including a
3 reservation in the policy of a right to change the premium; continuation or conversion
4 provisions of group coverage must be specifically described;

5 (4) a statement that the outline of coverage is a summary only, not a
6 contract of insurance, and that the policy or group master policy contains governing
7 contractual provisions;

8 (5) a description of the terms under which the policy [OR
9 CERTIFICATE] may be returned and premium refunded; [AND]

10 (6) a brief description of the relationship between the cost of care and
11 benefits; **and**

12 **(7) a statement that discloses to the policyholder whether the**
13 **policy is intended to be a federal qualified long-term care insurance contract**
14 **under 26 U.S.C. 7702B(b) (Internal Revenue Code).**

15 * **Sec. 70.** AS 21.53.050 is amended by adding new subsections to read:

16 (d) For a policy issued to a group defined in AS 21.53.200(3)(A), an insurer,
17 hospital or medical service corporation, or fraternal benefit society is not required to
18 provide an outline of coverage if the information required on the outline of coverage
19 under (b) of this section is contained in other enrollment materials. An insurer,
20 hospital or medical service corporation, and fraternal benefit society shall provide the
21 enrollment materials to the director on request.

22 (e) If an application for a long-term care insurance policy is approved, the
23 insurer shall deliver the policy to the applicant not later than 30 days after the date of
24 approval.

25 * **Sec. 71.** AS 21.53.060(a) is amended to read:

26 (a) In addition to the requirements of AS 21.45, at the time of policy delivery,
27 a policy summary shall be included with an individual life insurance policy if the
28 policy or policy rider provides long-term care benefits. In the case of direct response
29 solicitations, the insurer shall deliver the policy summary upon the applicant's request
30 [,] but, regardless of request, shall deliver a policy summary not later than the time of
31 policy delivery. The summary must include

1 (1) an explanation of how the long-term care benefits interact with
2 other components of the policy, including deductions from death benefits;

3 (2) an illustration of the amount and length of benefits, and guaranteed
4 lifetime benefits, if any, for each covered person;

5 (3) an explanation of each exclusion, reduction, and limitation on long-
6 term care benefits; [AND]

7 (4) if applicable to the policy type,

8 (A) disclosure of the effects of exercising other rights under the
9 policy;

10 (B) disclosure of guarantees related to the long-term care costs
11 of insurance charges; and

12 (C) current and projected maximum lifetime benefits; and

13 **(5) if the director adopts a regulation that permits but does not**
14 **require inflation protection, and the policy does not provide for inflation**
15 **protection, a statement that inflation protection is not available under the policy.**

16 * **Sec. 72.** AS 21.53.060 is amended by adding a new subsection to read:

17 (c) If a claim under a long-term care insurance policy is denied by an insurer,
18 the insurer shall, within 60 days after the date of a written request by a policyholder or
19 a representative of a policyholder,

20 (1) provide a written explanation of the reasons for the denial; and

21 (2) make available all information directly related to the denial.

22 * **Sec. 73.** AS 21.53 is amended by adding new sections to read:

23 **Sec. 21.53.062. Incontestability period.** (a) If a long-term care insurance
24 policy has been in force for less than six months, an insurer may rescind the policy or
25 deny an otherwise valid long-term care claim under the policy on a showing of
26 misrepresentation that is material to the acceptance for coverage.

27 (b) If a long-term care insurance policy has been in force for at least six
28 months but less than two years, an insurer may rescind the policy or deny an otherwise
29 valid long-term care claim under the policy on a showing of misrepresentation that is
30 both material to the acceptance for coverage and pertains to the condition for which
31 benefits are sought.

1 (c) If a long-term care insurance policy has been in force for two years or
2 more, the policy is not contestable on the grounds of misrepresentation alone and may
3 only be contested on a showing that the insured knowingly and intentionally
4 misrepresented relevant facts relating to the insured's health.

5 (d) If an insurer has paid benefits under a long-term care insurance policy, the
6 insurer may not recover the benefit payments if the policy is rescinded.

7 (e) This section applies to a life insurance policy that accelerates benefits for
8 long-term care. However, if an insured dies, this section does not apply to the
9 remaining death benefit of a life insurance policy that accelerates benefits for long-
10 term care, and the remaining death benefit under the policy is subject to AS 21.45.040.

11 **Sec. 21.53.064. Nonforfeiture benefits.** (a) Except as provided in (b) of this
12 section, a long-term care insurance policy may not be delivered or issued for delivery
13 in this state unless the policyholder has been offered the option of purchasing a policy
14 including a nonforfeiture benefit. The insurer may offer a nonforfeiture benefit in the
15 form of a rider to the policy. If a policyholder declines the nonforfeiture benefit, the
16 insurer shall provide a contingent benefit upon lapse that is available for a specified
17 period of time following a substantial increase in premium rates.

18 (b) With respect to group long-term care insurance, an insurer shall make the
19 offer required in (a) of this section to the group policyholder. For a policy issued as
20 group long-term care insurance, other than a continuing care retirement community or
21 other similar entity, the insurer shall make the offer required in (a) of this section to
22 each proposed certificate holder.

23 **Sec. 21.53.066. Producer training requirements.** (a) A person may not sell,
24 solicit, or negotiate long-term care insurance unless the person is licensed as an
25 insurance producer for health or life insurance lines of authority and has completed a
26 one-time training course that meets the requirements in (d) of this section.

27 (b) A person currently licensed and selling, soliciting, or negotiating long-term
28 care insurance may not continue to sell, solicit, or negotiate long-term care insurance
29 unless the person has completed a one-time training course that meets the
30 requirements in (d) of this section.

31 (c) A person who sells, solicits, or negotiates long-term care insurance shall

1 complete ongoing training that meets the requirements in (e) of this section.

2 (d) The one-time training course required under this section

3 (1) must be at least eight credit hours;

4 (2) may not include training that is insurer or company product
5 specific or that includes any sales or marketing information, materials, or training,
6 other than those required by state or federal law;

7 (3) must consist of topics related to long-term care insurance, long-
8 term care services, and, if applicable, qualified long-term care insurance partnership
9 programs, including

10 (A) state and federal requirements and the relationship between
11 qualified state long-term care insurance partnership programs and other public
12 and private coverage of long-term care services;

13 (B) available long-term care services and providers;

14 (C) changes or improvements in long-term care services or
15 providers;

16 (D) alternatives to the purchase of private long-term care
17 insurance;

18 (E) the effect of inflation on benefits and the importance of
19 inflation protections; and

20 (F) consumer suitability standards and guidelines.

21 (e) The ongoing training course required under (c) of this section must be at
22 least four credit hours every 24 months and must comply with the requirements in
23 (d)(2) and (3) of this section.

24 (f) The director may approve the training requirements in (d) and (e) of this
25 section as continuing education courses under AS 21.27.020.

26 (g) An insurer shall

27 (1) obtain verification that a producer received the training required
28 under this section before a producer is permitted to sell, solicit, or negotiate the
29 insurer's long-term care insurance products;

30 (2) maintain records of required training subject to the state's record
31 retention requirements;

1 (3) make the verification required under (1) of this subsection available
2 to the director on request.

3 (h) An insurer shall maintain

4 (1) records with respect to the training of its producers concerning the
5 distribution of its partnership policies that allow the director to provide assurance to
6 the medical assistance program under AS 47.07 that producers have received the
7 training described in (d)(3) of this section and that producers have demonstrated an
8 understanding of the partnership policies and their relationship to public and private
9 coverage of long-term care in this state; and

10 (2) the records described under (1) of this subsection in accordance
11 with the record requirements under AS 21.09.320 and shall make the records available
12 to the director on request.

13 **Sec. 21.53.068. Limitations related to producers and third-party**
14 **administrators.** An insurer that authorizes issuance of a long-term care insurance
15 policy by a producer or a third-party administrator under the underwriting authority of
16 the insurer granted to the producer or a third-party administrator using the insurer's
17 underwriting guidelines may issue a long-term care insurance policy through the
18 producer or a third-party administrator only if the insurer compensates the issuer based
19 on the number of policies issued.

20 * **Sec. 74.** AS 21.53.090 is amended to read:

21 **Sec. 21.53.090. Required regulations.** The director shall adopt regulations
22 regarding

23 (1) the sale of long-term care insurance that provide minimum
24 standards for

25 (A) terms of renewability;

26 (B) initial and subsequent conditions of eligibility;

27 (C) nonduplication of coverage provisions;

28 (D) coverage of dependents;

29 (E) benefit triggers;

30 (F) preexisting conditions and recurrent conditions;

31 (G) termination of insurance, including incontestability

1 **periods;**

2 (H) continuation or conversion;

3 (I) probationary periods, limitations, exceptions, reductions,
4 and elimination periods; [AND]

5 (J) requirements for replacement;

6 **(K) producer training, education, compensation, and**

7 **testing;**

8 **(L) marketing practices;**

9 **(M) independent review of benefit determinations;**

15 disclosure setting out the manner and content of required disclosures; **and**

16 **(5) the standard format and content of the outline of coverage**
17 **required under AS 21.53.050.**

18 * **Sec. 75.** AS 21.53.200(3) is amended to read:

19 (3) "group long-term care insurance" means a long-term care insurance
20 policy, subscriber's contract, or fraternal benefit society certificate that is delivered or
21 issued for delivery in this state and issued to

22 (A) one or more employers or labor organizations, or to a trust
23 or to the trustees of a fund established by one or more employers or labor
24 organizations, or a combination of them, for employees or former employees
25 or a combination of them, or for members or former members or a combination
26 of them, of the labor organization;

27 (B) a professional, trade, or occupational association for its
28 members or former or retired members, or combination of them, if the
29 association is composed of individuals all of whom are or were actively
30 engaged in the same profession, trade, or occupation, and has been maintained
31 in good faith for purposes other than obtaining insurance;

1 (C) an association or a trust or the trustee of a fund established,
2 created, or maintained for the benefit of members of one or more associations
3 **that meets the requirements in AS 21.53.080;**

4 (D) a group other than described in this paragraph if the
5 director determines that the issuance of the group policy is not contrary to the
6 best interest of the public, would result in economies of acquisition or
7 administration, and the benefits are reasonable in relation to the premiums
8 charged;

9 * **Sec. 76.** AS 21.53.200(4) is amended to read:

10 (4) "long-term care insurance"

11 (A) means an individual or group insurance policy, including
12 group and individual life insurance or annuities, a subscriber's contract,
13 fraternal benefit society certificate, or rider advertised, marketed, offered, or
14 designed to provide coverage for not less than 12 consecutive months for each
15 covered person on an expense incurred, indemnity, prepaid, or other basis, for
16 one or more necessary or medically necessary diagnostic, preventive,
17 therapeutic, rehabilitative, maintenance, or personal care services that are
18 provided in a setting other than an acute care unit of a hospital, and includes a
19 policy or rider that provides for payment of benefits based on cognitive
20 impairment or loss of functional capacity;

21 (B) ["LONG-TERM CARE INSURANCE"] does not include

22 (i) an insurance policy, subscriber's contract, or
23 fraternal benefit society certificate that is offered primarily to provide
24 basic Medicare supplement coverage, basic hospital expense coverage,
25 basic medical-surgical expense coverage, hospital confinement
26 indemnity coverage, major medical expense coverage, disability
27 insurance and related asset protection coverage, catastrophic coverage,
28 comprehensive coverage, accident only coverage, specified disease or
29 specified accident coverage, or limited benefit health coverage; **or**

30 (ii) **a life insurance policy that accelerates the death**
31 **benefit specifically for one or more of the qualifying events of**

1 terminal illness, medical conditions requiring extraordinary
2 medical intervention, or permanent institutional confinement and
3 that provides the option of a lump-sum payment for that benefit if
4 the benefit and the eligibility for the benefit under the life
5 insurance policy are not conditioned on the receipt of long-term
6 care;

7 * **Sec. 77.** AS 21.54.015 is amended by adding new subsections to read:

8 (c) Except for large employer health care insurance plan premium rates
9 exempted by the director by regulation under (d) of this section, an insurer shall file
10 with the director the premium rates charged for each health care insurance plan before
11 using them. A premium rate or premium rate change must be on file with the director
12 for a waiting period of at least 45 days before the effective date of the premium rate.
13 That period may be extended by the director or the insurer for an additional 15 days if,
14 during the initial 45-day waiting period, notice is given stating that additional time for
15 consideration of the filing is needed. A filing may become effective at the end of the
16 waiting period unless disapproved by the director during the waiting period. If an
17 insurer fails to provide information requested by the director during the waiting
18 period, the filing is considered withdrawn by the insurer, and the premium rate does
19 not become effective.

20 (d) The director shall adopt regulations

21 (1) establishing procedures for the filing and use of rates; and

22 (2) specifying information that must be submitted in a filing required
23 under (c) of this section.

24 * **Sec. 78.** AS 21.54.020(a) is amended to read:

25 (a) On the written request of a covered person, a health care insurer shall pay
26 amounts due under a health insurance policy directly to the provider of medical care

28 be provided by a particular hospital or person, except as applicable to a [MANAGED
29 CARE PLAN UNDER AS 21.07 OR A] health maintenance organization under AS
30 21.86. If a health care insurer makes a claim payment to the covered person after the
31 covered person has given written notice electing direct payment to the provider of the

1 service, the health care insurer shall also pay that amount to the provider of the
2 service.

3 * **Sec. 79.** AS 21.54 is amended by adding a new section to article 2 to read:

9 (b) Notwithstanding the definition of "group market" in AS 21.54.500, a
10 person may sell, solicit, or negotiate an individual health care insurance policy to an
11 employer or employee of an employer, and an insurer may issue an individual health
12 care insurance policy to an employee of an employer, only if

13 (1) the employee is not an eligible employee as defined in AS
14 21.56.250; or

15 (2) the employer does not offer a health benefit plan and has not
16 offered a health benefit plan in the last six months.

17 (c) An individual health care insurance policy offered under (b) of this section
18 is health care insurance offered in the individual market and subject to the

16 (b) When a title insurance company holding a certificate of authority under
17 this chapter is found to be insolvent by a proceeding in a court of competent
18 jurisdiction, the director shall take control of deposits made by the title insurance
