5 LEGISLATIVE FINDINGS AND INTENT. (a) The legislature finds that

6 (1) the state is what makes the United States an Arctic nation;

11 decades, have developed expert knowledge regarding a full range of activities and issues
12 involving the region;

13 (4) residents of the state recognize the risks that come with a changing climate
14 and emerging threats to ecosystems, as well as increased maritime activity, but are optimistic
15 that the skillful application of expertise, coupled with circumpolar cooperation, will usher in a

1 new era of economic and resource development that will improve the quality of life for
2 residents of the state;

3 (5) the continuing development of the state's natural resources in an
4 environmentally and socially responsible manner is essential to the development of the state's
5 economy and to the well-being of the residents of the state;

7 the inhabitants of the Arctic region, and their physical and spiritual well-being depends on

9 (7) it is essential for the state and federal government to strengthen their
10 collaboration on Arctic issues, including coordination when creating policies and
11 implementation plans related to the Arctic, as both continue to engage in international
12 circumpolar activity;

13 (8) the state should maintain an official body authorized to further develop
14 strategies and policies for the Arctic region that respond to the priorities and critical needs of
15 residents of the state.

16 (b) It is the intent of the legislature that this declaration of Arctic policy

17 (1) be implemented through statutes and regulations;

18 (2) not conflict with, subjugate, or duplicate other existing state policy;

19 (3) guide future policy derived from the implementation strategy developed by
20 the Alaska Arctic Policy Commission;

21 (4) clearly communicate the interests of residents of the state to the federal
22 government, the governments of other nations, and other international bodies developing
23 policies related to the Arctic.

24 (c) Nothing in this Act is meant to support, endorse, or reestablish the Alaska coastal
25 management program that expired in 2011 and was rejected by state voters in 2012.
